Canada has one of the most unique landscapes in the world. With a population of just 36.4 million people, the density of the population of this vast country is largely due to the high proportion of uninhabitable or inhospitable land mass including vast swathes of tundra, forests and, of course, the Rocky Mountains.

11.3 Natives by the Numbers - Canadian History: Post ...

The American population tends to be on the move. The US Census Bureau data show that the average American moves once every seven years; these data further predict that about forty million people move each year (US Census Bureau). Data also indicate Americans will move to a metropolitan area. Urbanization has been a trend since about 1950.
