Thank you for picking our platform for your PDF downloads. We anticipate offering you with outstanding solution and diverse options for several years ahead.

Women Who Think Too Much *Henry Holt and Company*

From one of the nation's preeminent experts on women and emotion, a breakthrough new book about how to stop negative thinking and become more productive. It's no surprise that our fast-paced, overly self-analytical culture is pushing many people-especially women-to spend countless hours thinking about negative ideas, feelings, and experiences. Renowned psychologist Dr. Susan Nolen-Hoeksema calls this overthinking, and her groundbreaking research shows that an increasing number of women-more than half of those in her extensive study-are doing it too much and too often, hindering their ability to lead a satisfying life. Overthinking can be anything from fretting about the big questions such as "What am I doing with my life?" to losing sleep over a friend's innocent comment. It is causing many women to end up sad, anxious, or seriously depressed, and Nolen-Hoeksema challenges the assumption-heralded by so many pop-psychology pundits of the last several decades-that constantly expressing and analyzing our emotions is a good thing. In *Women Who Think Too Much*, Nolen-Hoeksema shows us what causes so many women to be overthinkers and provides concrete strategies that can be used to escape these negative thoughts, move to higher ground, and live more productively. *Women Who Think Too Much* will change lives and is destined to

become a self-help classic.

The Power of Women *Macmillan*

From the bestselling author of *Women Who Think Too Much*, a groundbreaking self-improvement program that empowers women. Women are extraordinarily hard on themselves. They scrutinize their flaws, asking "Am I a good lover? A good mother? Successful in my career?" They get preoccupied with ways they do not measure up, twisting themselves into knots to fix problems no one else can see. *The Power of Women* from award-winning and bestselling psychologist Susan Nolen-Hoeksema shows women how to break this cycle-by discovering and utilizing their unique psychological strengths. Drawing on original research and the instructive stories of real people, Nolen-Hoeksema identifies the skill sets that women, based on their biology and social roles, bring to challenges: - Mental strengths, such as the instinct to manage scarce resources - Identity strengths, which maintain strong values under pressure emotional strengths, such as anticipating the effects of decisions relational strengths, with an emphasis on win-win solutions Combined, these strengths give women a powerful ability to lead during transformational times. She then provides hands-on assessments for pinpointing strengths with the most relevance to a problem, exercises for building strengths, and inspiring examples of women's inventiveness, resilience, and sheer determination. This revolutionary book of self-improvement gives women the tools to hone their skills as entrepreneurs and managers, mothers and wives, mentors and community leaders-and as individuals pursuing their talents and dreams.

Women Who Love Too Much *Simon and Schuster*

Updated with a new foreword and revised text, a twentieth anniversary release of a top-selling reference counsels women on how to end destructive cycles of co-dependence and misogyny, in a guide that shares case histories of women who have ended or improved relationships with emotionally unavailable, addicted, or unfaithful partners. Reprint. 50,000 first printing.

Eating, Drinking, Overthinking *Piatkus Books*

This work aims to highlight the toxic triangle that wreaks havoc on women's mental wellbeing, their physical health, their relationships and careers: depressive symptoms, unhealthy eating habits and heavy drinking.

Women Conquering Depression *Holt Paperbacks*

From the author of *Women Who Think Too Much*, a groundbreaking book that uncovers a hidden source of depression in women today Depression is a common and debilitating problem among women, though it rarely occurs in a vacuum. As Susan Nolen-Hoeksema's original research shows, overthinking—a tendency to ruminate on problems rather than to seek solutions—often co-exists with unhealthy eating habits and/or heavy drinking. In fact, 80 percent of women who report suffering from one of those also suffer from another. This groundbreaking book, written in a vivid narrative style that captures the complexities of women's lives today, explains how the three core problems of the Toxic Triangle reinforce one another, wreaking havoc on women's emotional well-being, physical health, relationships, and careers.

Escape is possible, Nolen-Hoeksema assures us, for those who are already aware that they suffer from a serious problem as well as for the hundreds of thousands of others who have not yet examined the role that bingeing and purging—on negative thoughts, food, or alcohol—plays in their lives. Nolen-Hoeksema shows women how to harness their emotional and interpersonal strengths to overcome the stress caused by a destructive relationship with food, alcohol, and overthinking so that they can fashion effective, healthier strategies for living the life they deserve.

Sex Differences in Depression

Stanford University Press

Women are twice as likely as men to experience protracted sadness, apathy, low self-esteem, and other symptoms of depression. How can we account for this sex difference? Several explanations have been proposed, some dating back many years. This book critically examines the evidence for each explanation in an attempt to discover what we do and do not know about sex differences in depression. It is a landmark review of the historical, theoretical and empirical approaches to sex differences in depression. Nolen-Hoeksema presents a fresh historical review, makes theoretical criticisms and offers clear and challenging avenues for future research and practical applications.

Overthinking

Do you want to overcome distractions and avoid negative thoughts becoming more confident and bolder? You have to know that there is a way to do it. If you aspire to win toxic habits such as laziness and take control of your daily actions regardless of disruptions that may try to take you away from your tasks, then keep reading... Some of the most important lessons people learn throughout their childhood years are related to understanding what bad habits are, why they are important to be

rid of so they can be replaced by habits, thoughts or actions that will have a positive influence on their daily lives. Unfortunately, not all negative habits are recognizable in youth and get carried into adulthood, affecting work, studies and any kind of personal project. OVERTHINKING is a negative psychological habit that all people struggle with at some point in their lives. For some, it does not always become a point of concern. However, there are so many people around the world who find that their overthinking leads to larger issues at work, school and home such as crippling anxiety, troubles with social interaction and constant procrastination that can negatively affect all parts of their lives. For those who struggle with negative thoughts, overthinking and procrastination, the answer to a more organized and productive lifestyle is right in your hands! This book is a straightforward and informative guide designed to help people of all ages and lifestyles find the most effective and actionable steps needed in order to recognize what is most important in any situation to help with focusing energies and staying organized. Throughout the course of this guide, you will not only come to understand how all thoughts and actions can affect your productivity and overall satisfaction with your lifestyle. You will also learn: How to define procrastination and the best way to eliminate once it becomes habit Some of the most common stress triggers connected to procrastination and how to identify them The science that can be applied to help heal and transform your brain for more positive thinking and productive actions The strategy to identify, remove or take control of negative influences from within, as well as, in the world around you Even if you

think this is just theory difficult to apply, reading this guide is the right choice to start taking concretely the first steps toward becoming a more successful, certain and confident individual! It includes facts, proven tips and helpful tricks. The daily practices and exercises are designed so that anyone who is tired of pushing deadlines or working under last-minute pressures and is ready to make a change can find what works for their particular needs and struggles. Act Like a Lady, Think Like a Man LP *Harper Collins*

Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In *Act Like a Lady, Think Like a Man*, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, *Act Like a Lady, Think Like a Man* is a book you must read if you want to understand how men think when it comes to relationships.

Women Who Think Too Much

Lulu.com

This book is an intensely personal narrative about codependent relationships and the insane dysfunctional thinking patterns that follow. With a unique approach, the author shares her expertise and offers 12-Slips to codependency. Dark humor fuels this fearsome account as the author leads you through the dysfunctional maze, maneuvering through the volatile actions, obsessive thoughts and intense feelings that a codependent relationship ignites. You will find yourself laughing out loud at scenarios that should make you cry, like the circling ladies in Kmart, the perverted mailman, etc. This unique perspective on love gone awry is as entertaining as it is enlightening. The author has a sharp sense of humor and she lets it fly without losing the gravity of her subject. Terrifying examples shine a piercing light on the painful truths of codependency. After drawing you in, the author smacks you with the reality meter, *Slap One*, turning your preconceived notions of her 12-Slip program upside down.

Parents Who Think Too Much *Dell*

With the baby boom generation came the genre of parenting books that told parents how to teach their kids everything from toilet training to developing self-esteem. Generally the message has been: go easy on your child, but hard on yourself. It is starting to become apparent, especially in the best of families, that giving your kids lots of choices, validating their feelings at great peril to your own and providing "enough" individual attention for each child is creating a generation of kids over whom we have no control. Cassidy argues that this comes from over-

thinking our role as parents. We've pondered every step so much that the juice, the joy, and worst of all, our confidence is gone. The reasons are clear: We have fewer children later in life so we've had more time to ponder. We've grown up just as research on infant and child development has come of age, so there's no shortage of material to think about. As a generation we've prided ourselves on self-improvement and we bring the same zeal to child improvement. We're less likely to live close to our families, and so are more likely to seek out expert solutions. To counter this thinking, Cassidy will suggest keeping the big picture in mind--what kind of people do you really want your kids to be? Honest, kind, cooperative, empathetic? It may mean losing sight of whether enough play dates are scheduled for the week and if you've positively reinforced the latest creative endeavor, but it will bring back your instincts about what is important to your family as a whole, and to your kids to become decent people.

Meditations for Women Who Do Too Much - Revised edition *Harper Collins*

A fully revised and updated edition complete with a new foreword by the author of the best-selling meditation book for women that the New York Times says 'could be put at the top of the stack'.

Summary of Susan Nolen-Hoeksema's Women Who Think Too Much *Everest Media LLC*

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Women are more likely than men to fall into overthinking and remain stuck there. Take, for example, Veronica, a 27-year-old full-time mom with auburn

hair and dancing brown eyes. She adored caring for her twin toddlers, but she found herself slipping into the muck of negativity and concern called overthinking: What's wrong with me. #2 Women are twice as likely as men to become severely depressed or anxious, and our tendency to overthink appears to be one of the reasons why. We can rise above this epidemic of emotional oversensitivity and hypervolatility and learn to recognize and appropriately express the emotions we experience. #3 Overthinking is like trying to escape from quicksand. The first step to overcoming it is to break the grip of your thoughts so that they don't continue to pull you down further, and eventually smother you. #4 Jenny was able to deal with her conflict with Sean by using a number of strategies to break the grip of her angry thoughts. She broke free from her initial ramblings by giving them a rest. She used a healthy, active distraction to release her mind from her negative thoughts.

Meditations for Men Who Do Too Much *Simon and Schuster*

Indispensable support for men caught up in the daily cycle of work, achieve, acquire.

The Feminine Mystique *W. W. Norton & Company*

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

Women who Think Too Much

Offers advice on how women can overcome negative thinking and

behaviors that lead to anxiety and depression, challenging the practice of analyzing personal emotions while presenting strategies on how to live more productively.

The Female Brain *Harmony*

Since Dr. Brizendine wrote *The Female Brain* ten years ago, the response has been overwhelming. This New York Times bestseller has been translated into more than thirty languages, has sold nearly a million copies between editions, and has most recently inspired a romantic comedy starring Whitney Cummings and Sofia Vergara. And its profound scientific understanding of the nature and experience of the female brain continues to guide women as they pass through life stages, to help men better understand the girls and women in their lives, and to illuminate the delicate emotional machinery of a love relationship. Why are women more verbal than men? Why do women remember details of fights that men can't remember at all? Why do women tend to form deeper bonds with their female friends than men do with their male counterparts? These and other questions have stumped both sexes throughout the ages. Now, pioneering neuropsychiatrist Louann Brizendine, M.D., brings together the latest findings to show how the unique structure of the female brain determines how women think, what they value, how they communicate, and who they love. While doing research as a medical student at Yale and then as a resident and faculty member at Harvard, Louann Brizendine discovered that almost all of the clinical data in existence on neurology, psychology, and neurobiology focused exclusively on males. In response to the overwhelming need for information on

the female mind, Brizendine established the first clinic in the country to study and treat women's brain function. In *The Female Brain*, Dr. Brizendine distills all her findings and the latest information from the scientific community in a highly accessible book that educates women about their unique brain/body/behavior. The result: women will come away from this book knowing that they have a lean, mean, communicating machine. Men will develop a serious case of brain envy.

Overthinking

Do You Tend to Over Analyze Everything? Do You Have Trouble Getting To Sleep? Or Do You Want Stop Worrying About The Future? Then Keep Reading. How many times have you stayed up late at night because you cannot stop worrying about that one little slip-up you had at work? Now, how many times have you lost yourself in your thoughts for long stretches of time about that one embarrassing thing that you did back when you were in high school? This is just the tip of the iceberg when you are suffering from chronic overthinking. You might seem a bit confused about what could be wrong about thinking too much? Is it not good? Getting lost in your thoughts is relatively harmless, but that is not what overthinking is. Overthinking is when your mind gets overloaded by a couple of negative thoughts that seem to be on an endless loop, that keeps playing faster and faster. When you do manage to stop overthinking, you will notice that you have already wasted a lot of time, and that you are also mentally and physically drained of energy. This book aims to help you identify the reasons why you are constantly overthinking, and you will also learn a couple of tips and techniques on how you can pull

yourself out of the death spiral of overthinking before you can fall in any deeper. You will learn: What are the symptoms of overthinking How to challenging your thoughts How to implement active problem solving How to practicing mindfulness and what mindfulness is not What do you need to do to be more mindful How to dealing with procrastination This book will help you manage your overthinking mind before things get even worse. Even If your overthinking problem is not that serious, you can use the tips in this book to make your symptoms more manageable. Would You Like To Know More? ▲ Scroll Up And Order Now ▲

Overthinking Women

13 Things Mentally Strong Women Don't Do *HarperCollins*

In the time of the #MeToo and #TimesUp movement, international bestselling author and leading global expert on mental strength Amy Morin turns her focus to feminism, explaining what it means—and what it takes—to be a mentally strong woman. The emergence of the #MeToo and #TimesUp movements have awakened society and encouraged women to find their voice and claim their power. But to do this, women must learn to improve their own mental strength. Contending with a host of difficult issues—from sexual assault on college campuses, to equal pay and pay gaps, to mastering different negotiation styles—demands psychological toughness. In this crucial book, prominent psychotherapist and licensed clinical social worker Amy Morin gives women the techniques to build mental muscle—and just as important, she teaches them what not to do. What does it mean to be a mentally strong

woman? Delving into critical issues like sexism, social media, social comparison, and social pressure, Amy addresses this question and offers thoughtful, intelligent advice, practical tips, and specific strategies and combines them with personal experiences, stories from former patients, and both well-known and untold examples from women from across industries and pop culture. Throughout, she explores the areas women—and society at large—must focus on to become (and remain) mentally strong. Amy reveals that healthy, mentally tough women don't insist on perfection; they don't compare themselves to other people; they don't see vulnerability as a weakness; they don't let self-doubt stop them from reaching their goals. Wise, grounded, and essential, *13 Things Mentally Strong Women Don't Do* can help every woman flourish—and ultimately improve our society as well.

Women who Think Too Much

Stop Overthinking *PKCS Media*

Overcome negative thought patterns, reduce stress, and live a worry-free life. Overthinking is the biggest cause of unhappiness. Don't get stuck in a never-ending thought loop. Stay present and keep your mind off things that don't matter, and never will. Break free of your self-imposed mental prison. *Stop Overthinking* is a book that understands where you've been through, the exhausting situation you've put yourself into, and how you lose your mind in the trap of anxiety and stress. Acclaimed author Nick Trenton will walk you through the obstacles with detailed and proven techniques to help you rewire your brain, control your thoughts, and change your mental habits. What's

more, the book will provide you scientific approaches to completely change the way you think and feel about yourself by ending the vicious thought patterns. Stop agonizing over the past and trying to predict the future. Nick Trenton grew up in rural Illinois and is quite literally a farm boy. His best friend growing up was his trusty companion Leonard the dachshund. RIP Leonard. Eventually, he made it off the farm and obtained a BS in Economics, followed by an MA in Behavioral Psychology. Powerful ways to stop ruminating and dwelling on negative thoughts. -How to be aware of your negative spiral triggers -Identify and recognize your inner anxieties -How to keep the focus on relaxation and action -Proven methods to overcome stress attacks -Learn to declutter your mind and find focus Unleash your unlimited potential and start living.

Fahrenheit 451 *Simon and Schuster*

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

The Love Hypothesis *Penguin*

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convinced that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like

any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

The Book Woman of Troublesome Creek *Sourcebooks, Inc.*

RECOMMENDED BY DOLLY PARTON IN PEOPLE MAGAZINE! A NEW YORK TIMES BESTSELLER A USA TODAY BESTSELLER A LOS ANGELES TIMES BESTSELLER A PBS BOOK PICK The bestselling historical fiction novel from Kim Michele Richardson, this is a novel following Cussy Mary, a packhorse librarian and her quest to bring books to the Appalachian community she loves, perfect for readers of William Kent Kreuger and Lisa Wingate. The perfect addition to your next book club! The hardscrabble folks of Troublesome Creek have to scrap for everything—everything except books, that is. Thanks to Roosevelt's Kentucky Pack Horse Library Project, Troublesome's got its very own traveling librarian, Cussy Mary Carter. Cussy's not only a book woman, however, she's also the last of her kind, her skin a shade of blue unlike most anyone else. Not everyone is keen on Cussy's family or the Library Project, and

a Blue is often blamed for any whiff of trouble. If Cussy wants to bring the joy of books to the hill folks, she's going to have to confront prejudice as old as the Appalachians and suspicion as deep as the holler. Inspired by the true blue-skinned people of Kentucky and the brave and dedicated Kentucky Pack Horse library service of the 1930s, *The Book Woman of Troublesome Creek* is a story of raw courage, fierce strength, and one woman's belief that books can carry us anywhere—even back home. Look for *The Book Woman's Daughter*, the next novel from Kim Michele Richardson coming in May 2022. Other Bestselling Historical Fiction from Sourcebooks Landmark: *The Mystery of Mrs. Christie* by Marie Benedict *The Engineer's Wife* by Tracey Enerson Wood *Sold on a Monday* by Kristina McMorris

Why Do So Many Incompetent Men Become Leaders? *Harvard Business Press*

Look around your office. Turn on the TV. Incompetent leadership is everywhere, and there's no denying that most of these leaders are men. In this timely and provocative book, Tomas Chamorro-Premuzic asks two powerful questions: Why is it so easy for incompetent men to become leaders? And why is it so hard for competent people--especially competent women--to advance? Marshaling decades of rigorous research, Chamorro-Premuzic points out that although men make up a majority of leaders, they underperform when compared with female leaders. In fact, most organizations equate leadership potential with a handful of destructive personality traits, like overconfidence and narcissism. In other words, these traits may help someone get selected for a leadership role, but they backfire once

the person has the job. When competent women--and men who don't fit the stereotype--are unfairly overlooked, we all suffer the consequences. The result is a deeply flawed system that rewards arrogance rather than humility, and loudness rather than wisdom. There is a better way. With clarity and verve, Chamorro-Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge.

The No Club *Simon and Schuster*

In this "long overdue manifesto on gender equality in the workplace, a practical playbook with tips you can put into action immediately...simply priceless" (Angela Duckworth, bestselling author of *Grit*), *The No Club* offers a timely solution to achieving equity at work: unburden women's careers from work that goes unrewarded. *The No Club* started when four women, crushed by endless to-do lists, banded together to get their work lives under control. Running faster than ever, they still trailed behind male colleagues. And so, they vowed to say no to requests that pulled them away from the work that mattered most to their careers. This book reveals how their over-a-decade-long journey and subsequent groundbreaking research showing that women everywhere are unfairly burdened with "non-promotable work," a tremendous problem we can—and must—solve. All organizations have work that no one wants to do: planning the office party, screening interns, attending to that time-consuming client, or simply helping others with their work. A woman, most often, takes on these tasks. In study after study, professors Linda Babcock (bestselling author of *Women Don't Ask*),

Brenda Peyser, Lise Vesterlund, and Laurie Weingart—the original “No Club”—document that women are disproportionately asked and expected to do this work. The imbalance leaves women overcommitted and underutilized as companies forfeit revenue, productivity, and top talent. The No Club walks you through how to change your workload, empowering women to make savvy decisions about the work they take on. The authors also illuminate how organizations can reassess how they assign and reward work to level the playing field. With hard data, personal anecdotes from women of all stripes, self- and workplace-assessments for immediate use, and innovative advice from the authors’ consulting Fortune 500 companies, this book will forever change the conversation about how we advance women’s careers and achieve equity in the 21st century.

The Woman in the Window

The Midnight Library *Penguin*

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of *How To Stop Time* and *The Comfort Book*. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we

all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

ANTHEM BEYOND BOOKS HUB

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. *Anthem* anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. *Publisher's Weekly* acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." *Anthem* is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind

has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

The Women I Think About at Night

Simon & Schuster

In *The Women I Think About at Night*, Mia Kankimäki blends travelogue, memoir, and biography as she recounts her enchanting travels in Japan, Kenya, and Italy while retracing the steps of ten remarkable female pioneers from history. What can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world, following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen—of *Out of Africa*—fame lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence, and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Artemisia Gentileschi. If these women could make it in the world hundreds of years ago, why can't Mia? *The Women I Think About at Night* is part travelogue and part thrilling exploration of the lost women adventurers of history who defied expectations in order to see—and change—the world.

Three Women *Avid Reader Press /*

Simon & Schuster

#1 NEW YORK TIMES BESTSELLER * #1 SUNDAY TIMES BESTSELLER * #1 INDIE NEXT PICK Named a Best Book of the Year: The Washington Post * NPR * The Atlantic * New York Public Library * Vanity Fair * PBS * Time * Economist * Entertainment Weekly * Financial Times * Shelf Awareness * Guardian * Sunday Times * BBC * Esquire * Good Housekeeping * Elle * Real Simple * And more than twenty additional outlets “Staggeringly intimate...Taddeo spent eight years reporting this groundbreaking book.” —Entertainment Weekly “A breathtaking and important book...What a fine thing it is to be enthralled by another writer’s sentences. To be stunned by her intellect and heart.” —Cheryl Strayed “Extraordinary...This is a nonfiction literary masterpiece...I can't remember the last time a book affected me as profoundly as *Three Women*.” —Elizabeth Gilbert “A revolutionary look at women's desire, this feat of journalism reveals three women who are carnal, brave, and beautifully flawed.” —People (Book of the Week) A riveting true story about the sex lives of three real American women, based on nearly a decade of reporting. Lina, a young mother in suburban Indiana whose marriage has lost its passion, reconnects with an old flame through social media and embarks on an affair that quickly becomes all-consuming. Maggie, a seventeen-year-old high school student in North Dakota, allegedly engages in a relationship with her married English teacher; the ensuing criminal trial turns their quiet community upside down. Sloane, a successful restaurant owner in an exclusive enclave of the Northeast, is happily married to a man who likes to watch her have sex with other men and

women. Hailed as “a dazzling achievement” (Los Angeles Times) and “a riveting page-turner that explores desire, heartbreak, and infatuation in all its messy, complicated nuance” (The Washington Post), Lisa Taddeo’s *Three Women* has captivated readers, booksellers, and critics—and topped bestseller lists—worldwide. Based on eight years of immersive research, it is “an astonishing work of literary reportage” (The Atlantic) that introduces us to three unforgettable women—and one remarkable writer—whose experiences remind us that we are not alone.

Sarah *Yale University Press*

Everything about Sarah Bernhardt is fascinating, from her obscure birth to her glorious career--redefining the very nature of her art--to her amazing (and highly public) romantic life, to her indomitable spirit. Well into her seventies, after the amputation of her leg, she was performing under bombardment for soldiers during World War I and toured America for the ninth time. Though the Bernhardt literature is vast, this is the first English-language biography to appear in decades, tracking the trajectory through which an illegitimate--and scandalous--daughter of a Jewish courtesan transformed herself into the most famous actress who ever lived, and into a national icon, a symbol of France.--From publisher description.

The Handmaid's Tale *McClelland & Stewart*

An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel,

Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, *The Handmaid’s Tale* is at once a mordant satire and a dire warning.

Girl in Pieces *Delacorte Press*

Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. “A haunting, beautiful, and necessary book that will stay with you long after you’ve read the last page.”—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she’s already lost more than most people do in a lifetime. But she’s learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don’t have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie’s heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow’s debut is heartbreakingly real

and unflinchingly honest. It's a story you won't be able to look away from. "Girl, Interrupted meets Speak."—Refinery29 "A dark yet powerful read."—Paste Magazine "One of the most affecting novels we have read."—Goop "Breathtaking and beautifully written."—Bustle "Intimate and gritty."—The Irish Times And don't miss Kathleen Glasgow's newest novel *How to Make Friends with the Dark*, which Karen M. McManus, the New York Times bestselling author of *One of Us Is Lying*, calls "rare and powerful."

Don't Overthink It *Baker Books*

A Wall Street Journal bestseller! *** We've all been there: stuck in a cycle of what-ifs, plagued by indecision, paralyzed by the fear of getting it wrong. Nobody wants to live a life of constant overthinking, but it doesn't feel like something we can choose to stop doing. It feels like something we're wired to do, something we just can't escape. But is it? Anne Bogel's answer is no. Not only can you overcome negative thought patterns that are repetitive, unhealthy, and unhelpful, you can replace them with positive thought patterns that will bring more peace, joy, and love into your life. In *Don't Overthink It*, you'll find actionable strategies that can make an immediate and lasting difference in how you deal with questions both small--Should I buy these flowers?--and large--What am I doing with my life? More than a book about making good decisions, *Don't Overthink It* offers you a framework for making choices you'll be comfortable with, using an appropriate amount of energy, freeing you to focus on all the other stuff that matters in life.

Cringeworthy *Penguin*

Examines the ways that embracing

socially awkward situations, even when they lead to embarrassment and self-consciousness, also provide the opportunity to test oneself and to recognize how people are connected to each other.

Invisible Women *Abrams*

Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*†, diving into women's lives at home, the workplace, the public square, the doctor's office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.

Everything Will Be Okay *Twelve*

THE INSTANT #1 NATIONAL BESTSELLER! Find your inspiration in this motivational book from the bestselling author of *And the Good News Is...* Lessons and Advice from the Bright Side, beloved co-host of Fox News' *The Five and America's Newsroom*. EVERYTHING WILL BE OKAY is a no-nonsense how-to guide to life for young women looking to reframe their thinking, to believe in themselves, to take risks, to understand

their power, and to feel better overall through finding serenity and taking action. Young women seek out advice from Dana Perino every day—at work, through friends, and on social media. The story of her own quarter-life crisis, *And the Good News Is... Lessons and Advice from the Bright Side*, brought countless readers to her inbox looking for guidance. Through her mentorship program, "Minute Mentoring," Dana quickly realized that quarter-life crises have begun following young women well into their thirties. Many of them are distressed but conceal it with a brave face. Unfortunately, too much of that can be—and is—exhausting. To help address these challenges, *EVERYTHING WILL BE OKAY* covers such topics as: How to manage your relationships (colleagues, family, love)... How to be your best self on the job... How to gauge if you're on the right career path... How to transition from junior staffer to boss lady... How to solve the biggest problems you're facing... How to move past perceived obstacles... For everyone from the job-seeker fresh out of college to the ambitious career woman looking to make her next big jump up the ladder, *EVERYTHING WILL BE OKAY* has tips, advice, and reassurance for young women everywhere.

Thinking, Fast and Slow *Farrar, Straus and Giroux*

Major New York Times bestseller Winner of the National Academy of Sciences Best Book Award in 2012 Selected by the New York Times Book Review as one of the ten best books of 2011 A Globe and Mail Best Books of the Year 2011 Title One of The Economist's 2011 Books of

the Year One of The Wall Street Journal's Best Nonfiction Books of the Year 2011 2013 Presidential Medal of Freedom Recipient Kahneman's work with Amos Tversky is the subject of Michael Lewis's *The Undoing Project: A Friendship That Changed Our Minds* In the international bestseller, *Thinking, Fast and Slow*, Daniel Kahneman, the renowned psychologist and winner of the Nobel Prize in Economics, takes us on a groundbreaking tour of the mind and explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Winner of the National Academy of Sciences Best Book Award and the Los Angeles Times Book Prize and selected by The New York Times Book Review as one of the ten best books of 2011, *Thinking, Fast and Slow* is destined to be a classic.
