The G-Box Midnight MX2 gives you 4 USB ports - so no need for an external hub. It gives you both wireless and wired networking connections. It gives you an SD card slot for external storage or easy transfer from other devices. With the exception of Bluetooth capability, this unit has it all right out-of-the-box.

G-Box Midnight MX2 Review

Put your SD card into your MX2, press the reset button located in the back of your MX2's A/V port (see this for flashing firmware for more detailed instructions), sit back and watch your MX2 flash away! If you don't see the flashing screen (pictured below), you may have an issue with your SD card or the file structure on your SD card.
