Crazy Rich Asians *Doubleday Canada*

Crazy Rich Asians is the outrageously funny debut novel about three super-rich, pedigreed Chinese families and the gossip, backbiting, and scheming that occurs when the heir to one of the most massive fortunes in Asia brings home his ABC (American-born Chinese) girlfriend to the wedding of the season. When Rachel Chu agrees to spend the summer in Singapore with her boyfriend, Nicholas Young, she envisions a humble family home, long drives to explore the island, and quality time with the man she might one day marry. What she doesn't know is that Nick's family home happens to look like a palace, that she'll ride in more private planes than cars, and that with one of Asia's most eligible bachelors on her arm, Rachel might as well have a target on her back. Initiated into a world of dynastic splendor beyond imagination, Rachel meets Astrid, the It Girl of Singapore society; Eddie, whose family practically lives in the pages of the Hong Kong socialite magazines; and Eleanor, Nick's formidable mother, a woman who has very strong feelings about who her son should--and should not--marry. Uproarious, addictive, and filled with jaw-dropping opulence, Crazy Rich Asians is an insider's look at the Asian JetSet; a perfect depiction of the clash between old money and new money; between Overseas Chinese and Mainland Chinese; and a fabulous novel about what it means to be young, in love, and gloriously, crazily rich.

How to American

An Immigrant's Guide to Disappointing Your Parents *Da Capo Press*

Standup comic, actor and fan favorite from HBO's Silicon Valley and the film Crazy Rich Asians shares his memoir of growing up as a Chinese immigrant in California and making it in Hollywood. "I turned down a job in finance to pursue a career in stand-up comedy. My dad thought I was crazy. But I figured it was better to disappoint my parents for a few years than to disappoint myself for the rest of my life. I had to disappoint them in order to pursue what I loved. That was the only way to have my Chinese turnip cake and eat an American apple pie too." Jimmy O. Yang is a standup comedian, film and TV actor and fan favorite as the character Jian Yang from the popular HBO series Silicon Valley. In How to American, he shares his story of growing up as a Chinese immigrant who pursued a Hollywood career against the wishes of his parents: Yang arrived in Los Angeles from Hong Kong at age 13, learned English by watching BET RapCity for three hours a day, and worked as a strip club DJ while pursuing his comedy career. He chronicles a near deportation episode during a college trip Tijuana to finally becoming a proud US citizen ten years later. Featuring those and many other hilarious stories, while sharing some hard-earned lessons, How to American mocks stereotypes while offering tongue in cheek advice on pursuing the American dreams of fame, fortune, and strippers.

Reel Inequality

Hollywood Actors and Racism *Rutgers University Press*

When the 2016 Oscar acting nominations all went to whites for the second consecutive year, #OscarsSoWhite became a trending topic. Yet these enduring racial biases afflict not only the Academy Awards, but also Hollywood as a whole. Why do actors of color, despite exhibiting talent and bankability, continue to lag behind white actors in presence and prominence? Reel Inequality examines the structural barriers minority actors face in Hollywood, while shedding light on how they survive in a racist industry. The book charts how white male gatekeepers dominate Hollywood, breeding a culture of ethnocentric storytelling and casting. Nancy Wang Yuen interviewed nearly a hundred working actors and drew on published interviews with celebrities, such as Viola Davis, Chris Rock, Gina Rodriguez, Oscar Isaac, Lucy Liu, and Ken Jeong, to explore how racial stereotypes categorize and constrain actors. Their stories reveal the day-to-day racism actors of color experience in talent agents’ offices, at auditions, and on sets. Yuen also exposes sexist hiring and programming practices, highlighting the structural inequalities that actors of color, particularly women, continue to face in Hollywood. This book not only conveys the harsh realities of racial inequality in Hollywood, but also provides vital insights from actors who have succeeded on their own terms, whether by sidestepping the system or subverting it from within. Considering how their struggles impact real-world attitudes about race and diversity, Reel Inequality follows actors of color as they suffer, strive, and thrive in Hollywood.

Development of the Global Film Industry

Industrial Competition and Cooperation in the Context of Globalization *Routledge*

The global film industry has witnessed significant transformations in the past few years. Regions outside the USA have begun to prosper while non-traditional production companies such as Netflix have assumed a larger market share and online movies adapted from literature have continued to gain in popularity. How have these trends shaped the global film industry? This book answers this question by analyzing an increasingly globalized business through a global lens. Development of the Global Film Industry examines the recent history and current state of the business in all parts of the world. While many existing studies focus on the internal workings of the industry, such as production, distribution and screening, this study takes a "big picture" view, encompassing the transnational integration of the cultural and entertainment industry as a whole, and pays more attention to the coordinated development of the film industry in the light of influence from literature, television, animation, games and other sectors. This volume is a critical reference for students, scholars and the public to help them understand the major trends facing the global film industry in today's world.

How can she trust them, when she has just learned that her parents have lied to her for her whole life, that her mother Pearl is really her aunt and that her real father is a famous artist who has been living in China all these years? Joy arrives in Green Dragon Village, where families live in crowded, windowless huts and eke out a meagre existence from the red soil. And where a handsome young comrade catches her eye... Meanwhile, Pearl returns to China to bring her daughter home - if she can. For Mao has launched his Great Leap Forward, and each passing season brings ever greater hardship to cities and rural communes alike. Joy must rely on her skill as a painter and Pearl must use her contacts from her decadent childhood in 1930s Shanghai to find a way to safety, and a chance of joy for them both. Haunting, passionate and heartbreakingly real, this is the unforgettable new novel by the internationally acclaimed Lisa See.

Identities in Motion

Asian American Film and Video Duke University Press

This innovative book shows how Asian American filmmakers and videomakers frame and are framed by history—how they define and are defined by cinematic projections of Asian American identity. Combining close readings of films and videos, sophisticated cultural analyses, and detailed production histories that reveal the complex forces at play in the making and distributing of these movies, Identities in Motion offers an illuminating interpretative framework for assessing the extraordinary range of Asian American films produced in North America. Peter X Feng considers a wide range of works—from genres such as detective films to romantic comedies to ethnographic films, documentaries, avant-garde videos, newsreels, travelogues, and even home movies. Feng begins by examining movies about three crucial moments that defined the American nation and the roles of Asian Americans within it: the arrival of Chinese and Japanese women in the American West and Hawai’i; the incorporation of the Philippines into the U.S. empire; and the internment of Japanese Americans during World War II. In subsequent chapters Feng discusses cinematic depictions of ideological conflicts among Asian Americans and of the complex forces that compel migration, extending his nuanced analysis of the intersections of sexuality, ethnicity, and nationalist movements. Identities in Motion illuminates the fluidity of Asian American identities, expressing the diversity and complexity of Asian Americans—including Filipinos, Indonesians, Chinese, Japanese, Vietnamese, Laotians, Indians, and Koreans—from the nineteenth to the twenty-first century.

Crazy Rich Asians

Screenplay

Nick Young asks his girlfriend, Rachel Chu, an economics professor at New York University, to accompany him to Singapore where he is to be the best man at his best friend's wedding and where he will also introduce her to his family. Rachel accepts and her mother tells her that going to Singapore might mean that Nick is ready to propose. Meanwhile, gossip personality Radio1Asia catches wind of their relationship, exposes it worldwide where it eventually reaches Nick's mother Eleanor. At the airport Rachel is shocked to learn that Nick has upgraded their tickets to first class. When she asks him about his family, he casually tries to brush it off, but eventually reveals he is part of a family of wealthy real estate developers. In Singapore, Rachel meets Nick's best friend Colin and his fiancée Araminta Lee. The two couples spend the night eating street food, leaving Rachel more confident about meeting Nick's family. The following day she plans to meet up with Goh Peik Lin, her roommate from college, before meeting Nick's family at Nick's mansion. Rachel is surprised to realize that Peik Lin is incredibly wealthy and lives in a large mansion covered in gold. While she is chatting to the Goh family they discover that her boyfriend is Nick Young leading Peik Lin to give her a makeover before driving her to the Young family home. Rather than going to an intimate family dinner, Rachel is brought to a large party where everyone is already aware of her. Rachel makes several awkward faux pas, including mistaking Nick's nanny for his grandmother and spilling wine on Nick. She also briefly meets Nick's mother, Eleanor, and quickly realizes that Eleanor dislikes her. Fortunately Rachel makes a good impression on Nick's grandmother who invites her back to the family home to make dumplings.

Lurkers Soho Press

From author and filmmaker Sandi Tan, director of the acclaimed documentary Shirkers, comes a novel about a neighborhood of immigrants, seekers, lovers, and lurkers. The residents of Santa Claus Lane do their best to stay out of each other’s way, but desire, fury and mischief too often propel these suburban neighbors to collide. Precocious Korean American sisters Mira and Rosemary find their world rocked by a suicide, and they must fight to keep their home; a charismatic and creepy drama teacher grooms his students; a sardonic gay horror novelist finds that aging is more terrifying than any monster; and a white hippie mom and her adopted Vietnamese daughter realize that their anger binds them rather than pushes them apart. Lurkers is an homage to the rangy beauty of Los Angeles and the surprising power that we have to change the lives of those around us.
