The Sober Diaries

How one woman stopped drinking and started living. By New York Times Bestseller *Coronet*

BY THE AUTHOR OF NEW YORK TIMES BESTSELLER THE AUTHENTICITY PROJECT, THE BRAVE AND FUNNY MEMOIR THAT IS CHANGING LIVES. How one mother gave up drinking and started living. This is Bridget Jones Dries Out. Clare Pooley is a Cambridge graduate and was a Managing Partner at one of the world's biggest advertising agencies, and yet by eighteen months ago she'd become an overweight, depressed, middle-aged mother of three who was drinking more than a bottle of wine a day, and spending her evenings Googling 'Am I an alcoholic?' In a desperate bid to turn her life around, she quit drinking and started a blog. She called it Mummy Was a Secret Drinker. This book is the story of a year in Clare's life. A year that started with her quitting booze having been drinking more than a bottle of wine every day. It sees her starting a hugely successful blog, then getting and beating breast cancer. By the end of the year she is booze free and cancer free, two stone lighter and with a life that is so much richer, healthier and more rewarding than ever before. Sober Diaries is an upbeat, funny and positive look at how to live life to the full. Interwoven within Clare's own very personal and frank story is research and advice, and answers to questions like: How do I know if I'm drinking too much? How will I cope at parties? What do I say to friends and family? How do I cope with cravings? Will I lose weight? What if my partner still drinks? And many more.

High Sobriety

my year without booze *Scribe Publications*

'I'm the binge-drinking health reporter. During the week, I write about Australia's booze-soaked culture. At the weekends, I write myself off.' Booze had dominated Jill Stark's social life ever since she had her first sip of beer, at 13. She thought nothing could curb her love of big nights. And then came the hangover that changed everything. In the shadow of her 35th year, Jill made a decision: she would give up alcohol. But what would it mean to stop drinking in a world awash with booze? This lively memoir charts Jill's tumultuous year on the wagon, as she copes with the stress of the newsroom sober, tackles the dating scene on soda water, learns to watch the footy minus beer, and deals with censure from friends and colleagues, who tell her that a year without booze is 'a year with no mates'. In re-examining her habits, Jill also explores Australia's love affair with alcohol, meeting alcopop-swigging teens who drink to fit in, beer-swilling blokes in a sporting culture backed by booze, and marketing bigwigs blamed for turning binge drinking into a way of life. And she tracks the history of this national obsession: from the idea that Australia's new colonies were drowning in drink to the Anzac ethos that a beer builds mateship, and from the six o'clock swill that encouraged bingeing to the tangled weave of advertising,

social pressure, and tradition that confronts drinkers today. Will Jill make it through the year without booze? And if she does, will she go back to her old habits, or has she called last drinks? This is a funny, moving, and insightful exploration of why we drink, how we got here, and what happens when we turn off the tap.

Sober Is the New Black

A Then and Now Account of Life Beyond Booze *Createspace Independent Pub*

Wine is a normal part of life, isn't it? It is usual for thirty-somethings to collapse in the evening with a glass or two of something sophisticated to diffuse the stress of the day and calm their buzzing brains, whether they be professionals, mothers, wives or homemakers. Rachel was no different. She juggled her many roles and responsibilities well and rewarded herself with wine at the end of each day; after all, she deserved it. But, gradually her wine intake began to increase each night and soon it had gone from being a little treat to an absolute necessity. As wine invaded more and more areas of her life, it became harder to cope. In turn it meant she drank more wine, firmly believing it was the cure, never considering for a moment that it could be the problem. Eventually, when wine was dictating everything she did

and did not do, Rachel realised her life was unmanageable and that something had to change. However, as soon as she attempted to restrict or moderate her drinking, she seemed to want it even more. Her best intentions fell quickly by the way side after the first bottle was opened and the first drink took control, compelling her to have more. Drinking would continue until there was none left or Rachel 'fell asleep'. The following day consisted of a hangover, depression, overeating, remorse, worry, despair and self-hatred, until the time came around when the next bottle could be opened and these awful feelings could be blotted out. This pattern of trying and failing to control her wine drinking brought Rachel to acknowledge that it was not possible to do so, and she decided that she had to remove alcohol from her life forever. Despite being sick and tired of the drinking-hangover-drinking cycle of failure, giving up was not easy and it was only after a few more failed attempts that Rachel managed to do so. This book details her life in that first year of going alcohol-free. It describes in detail how her everyday pursuits became challenging and changing. Her outlook on the whole point of life turned on its axis when alcohol was removed, leaving her with a whole different sense of self and being. The changes that occurred were astounding and beyond anything she believed could be possible. She thought that removing alcohol from her life was all about giving up; she had never considered what she might gain. I am Rachel. This is my story.

Nothing Good Can Come from This

Essays *MCD x FSG Originals*

"Nothing Good Can Come from This is a book about generative discomfort, surprising sources of beauty, and the odd, often hilarious, business of being human." —Leslie Jamison, author of *The Empathy Exams* and *The Recovering* Kristi Coulter inspired and incensed the internet when she wrote about what happened when she stopped drinking. *Nothing Good Can Come from This* is her debut—a frank, funny, and feminist essay collection by a keen-eyed observer no longer numbed into complacency. When Kristi stopped drinking, she started noticing things. Like when you give up a debilitating habit, it leaves a space, one that can't easily be filled by mocktails or ice cream or sex or crafting. And when you cancel Rosé Season for yourself, you're left with just Summer, and that's when you notice that the women around you are tanked—that alcohol is the oil in the motors that keeps them purring when they could be making other kinds of noise. In her sharp, incisive debut essay collection, Coulter reveals a portrait of a life in transition. By turns hilarious and heartrending, *Nothing Good Can Come from This* introduces a fierce new voice to fans of Sloane Crosley, David Sedaris, and Cheryl Strayed—perfect for anyone who has ever stood in the middle of a so-called perfect life and looked for an escape hatch.

The Case Against Sugar *Anchor*

From the best-selling author of *Why We Get Fat*, a groundbreaking, eye-opening exposé that makes the convincing case that sugar is the tobacco of the new millennium: backed by powerful lobbies, entrenched in our lives, and making us very sick. Among Americans, diabetes is more prevalent today than ever; obesity is at epidemic proportions; nearly 10% of children are thought to have nonalcoholic fatty liver disease. And sugar is at the root of these, and other, critical society-wide, health-

related problems. With his signature command of both science and straight talk, Gary Taubes delves into Americans' history with sugar: its uses as a preservative, as an additive in cigarettes, the contemporary overuse of high-fructose corn syrup. He explains what research has shown about our addiction to sweets. He clarifies the arguments against sugar, corrects misconceptions about the relationship between sugar and weight loss; and provides the perspective necessary to make informed decisions about sugar as individuals and as a society.

Not Drinking Tonight

A Guide to Creating a Sober Life You Love *Hachette Go*

In this honest discussion of mental health, the founder of Therapy for Women explores our reasons for drinking alcohol—and the benefits of taking a break. When "retired party girl" and popular therapist Amanda White admitted she was an alcoholic, it wasn't because she'd done something outrageous while under the influence, like land herself in jail or get married in Vegas. It was because she realized three things: 1. Alcohol was making her life

worse. 2. Moderation wasn't helping. 3. She could not be a therapist if she continued to use alcohol to numb her life. Something needed to change—not just her relationship with alcohol, but her relationship with herself. Choosing not to drink can be daunting. It's everywhere in our culture, our socializing, and our destressing. And it can seem black or white: you drink, or you don't (and if you don't, people ask why). That's where *Not Drinking Tonight* comes in. Judgement-free and relatable, Amanda helps you unpack your relationship with alcohol by showing you how to: Find out why you drink. Whether it's a glass of wine after work or a weekly bar crawl, your drinking habits can be the result of everything from biology to trauma. Heal your relationship with alcohol. Understand how your relationships have been affecting your life, and learn how to set boundaries and create true self care. Build the sober life you love. Learn what comes next—how to maintain your social life, navigate sex and relationships, and love yourself. *Not Drinking Tonight* isn't a program to stop drinking. It's the first book to help you address the root issues that cause you to reach for a drink, and create a life you love—one that is not perfect, but is messy and real and one you are fully present for.

Blackout

Remembering the Things I Drank to Forget *Grand Central Publishing*

A NEW YORK TIMES BESTSELLER For Sarah Hepola, alcohol was "the gasoline of all adventure." She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as a strong, enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? She apologized for things she couldn't remember doing, as though she were cleaning up after an evil twin. Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her

spirit instead. A memoir of unblinking honesty and poignant, laugh-out-loud humor, *BLACKOUT* is the story of a woman stumbling into a new kind of adventure--the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent or struggled in the face of necessary change. It's about giving up the thing you cherish most--but getting yourself back in return. ***Includes Reading Group Guide***

The Recovering

Intoxication and Its Aftermath *Little, Brown*

INSTANT NEW YORK TIMES BESTSELLER "An astounding triumph . . . Profound . . . Achingly wise . . . A recovery memoir like no other." --Entertainment Weekly (A) "Riveting . . . Beautifully told." --Boston Globe "An honest and important book . . . Vivid writing and required reading." --Stephen King "Perceptive and generous-hearted . . . Uncompromising . . . Jamison is a writer of exacting grace." --Washington Post From the New York Times bestselling author of *The Empathy Exams* comes this transformative work showing that sometimes the recovery is more gripping than the

addiction. With its deeply personal and seamless blend of memoir, cultural history, literary criticism, and reportage, *The Recovering* turns our understanding of the traditional addiction narrative on its head, demonstrating that the story of recovery can be every bit as electrifying as the train wreck itself. Leslie Jamison deftly excavates the stories we tell about addiction--both her own and others'--and examines what we want these stories to do and what happens when they fail us. All the while, she offers a fascinating look at the larger history of the recovery movement, and at the complicated bearing that race and class have on our understanding of who is criminal and who is ill. At the heart of the book is Jamison's ongoing conversation with literary and artistic geniuses whose lives and works were shaped by alcoholism and substance dependence, including John Berryman, Jean Rhys, Billie Holiday, Raymond Carver, Denis Johnson, and David Foster Wallace, as well as brilliant lesser-known figures such as George Cain, lost to obscurity but newly illuminated here. Through its unvarnished relation of Jamison's own ordeals, *The Recovering* also becomes a book about a different kind of dependency: the way our desires can make us all, as she puts it, "broken spigots of need." It's about the particular loneliness of the human experience--the craving for love that both devours us and shapes who we are. For her striking language and piercing observations, Jamison has been compared to such iconic writers as Joan Didion and Susan Sontag, yet her utterly singular voice also offers something new. With enormous empathy and wisdom, Jamison has given us nothing less than the story of addiction and recovery in America writ large, a definitive and revelatory account that will resonate for years to come.

We Are the Luckiest

The Surprising Magic of a Sober Life *New World Library*

"We Are the Luckiest is a masterpiece. It's the truest, most generous, honest, and helpful sobriety memoir I've read. It's going to save lives." — Glennon Doyle, #1 New York Times bestselling author of *Love Warrior: A Memoir* What could possibly be "lucky" about addiction? Absolutely nothing, thought Laura McKowen when drinking brought her to her knees. As she puts it, she "kicked and screamed . . . wishing for something — anything — else" to be her issue. The people who got to drink normally, she thought, were so damn lucky. But in the midst of early sobriety, when no longer able to anesthetize her pain and anxiety, she realized that she was actually the lucky one. Lucky to feel her feelings, live honestly, really be with her daughter, change her legacy. She recognized that "those of us who answer the invitation to wake up, whatever our invitation, are really the luckiest of all." Here, in straight-talking chapters filled with

personal stories, McKowen addresses issues such as facing facts, the question of AA, and other people's drinking. Without sugarcoating the struggles of sobriety, she relentlessly emphasizes the many blessings of an honest life, one without secrets and debilitating shame.
