A Novel *Picador*

How does one talk about love? Is it even possible to describe something at once utterly mundane and wholly transcendent, that has the power to consume our lives completely, while making us feel part of something infinitely larger than ourselves? Taking a unique approach to this age-old problem, the nameless narrator of David Levithan's *The Lover's Dictionary* constructs the story of a relationship as a dictionary. Through these sharp entries, he provides an intimate window into the great events and quotidian trifles of coupledness, giving us an indelible and deeply moving portrait of love in our time.

A Novel *Farrar, Straus and Giroux*

basis, n. There has to be a moment at the beginning when you wonder whether you're in love with the person or in love with the feeling of love itself. If the moment doesn't pass, that's it—you're done. And if the moment does pass, it never goes that far. It stands in the distance, ready for whenever you want it back. Sometimes it's even there when you thought you were searching for something else, like an escape route, or your lover's face. How does one talk about love? Do we even have the right words to describe something that can be both utterly mundane and completely transcendent, pulling us out of our everyday lives and making us feel a part of something greater than ourselves? Taking a unique approach to this problem, the nameless narrator of David Levithan's *The Lover's Dictionary* has constructed the story of his relationship as a dictionary. Through these short entries, he provides an intimate window into the great events and quotidian trifles of being within a couple, giving us an indelible and deeply moving portrait of love in our time.

A nameless couple meet, fall in love, move in together, and then the hard work of loving each begins. Important Artifacts and Personal Property from the Collection of Lenore Doolan and

Harold Morris, Including Books, Street Fashion, and Jewelry *Sarah Crichton Books*

A love story told in the form of an auction catalog. Auction catalogs can tell you a lot about a person -- their passions and vanities, peccadilloes and aesthetics; their flush years and lean. Think of the collections of Jacqueline Kennedy Onassis, Truman Capote, the Duke and Duchess of Windsor. In Leanne Shapton's marvelously inventive and invented auction catalog, the 325 lots up for auction are what remain from the relationship between Lenore Doolan and Harold Morris (who aren't real people, but might as well be). Through photographs of the couple's personal effects -- the usual auction items (jewelry, fine art, and rare furniture) and the seemingly worthless (pajamas, Post-it notes, worn paperbacks) -- the story of a failed love affair vividly (and cleverly) emerges. From first meeting to final separation, the progress and rituals of intimacy are revealed through the couple's accumulated relics and memorabilia. And a love story, in all its tenderness and struggle, emerges from the evidence that has been left behind, laid out for us to appraise and appreciate. In an earlier work, *Was She Pretty?*, Shapton, a talented artist and illustrator, subtly explored the seemingly simple yet powerfully complicated nature of sexual jealousy. In *Important Artifacts and Personal Property from the Collection of Lenore Doolan and Harold Morris*—a very different yet equally original book—she invites us to contemplate what is truly valuable, and to consider the art we make of our private lives.

The Paternity Test

A Novel *University of Wisconsin Press*

Having a baby to save a marriage—it's the oldest of clichés. But what if the marriage at risk is a gay one, and having a baby involves a surrogate mother? Pat Faunce is a faltering romantic, a former poetry major who now writes textbooks. A decade into his relationship with Stu, an airline pilot from a fraught Jewish family, he fears he's losing Stu to other men—and losing himself in their “no rules” arrangement. Yearning for a baby and a deeper commitment, he pressures Stu to move from Manhattan to Cape Cod, to the cottage where Pat spent boyhood summers. As they struggle to adjust to their new life, they enlist a surrogate: Debora, a charismatic Brazilian immigrant, married to Danny, an American carpenter. Gradually, Pat and Debora bond, drawn together by the logistics of getting pregnant and away from their spouses. Pat gets caught between loyalties—to Stu and his family, to Debora, to his own potent desires—and wonders: is he fit to be a father? In one of the first novels to explore the experience of gay men seeking a child through surrogacy, Michael Lowenthal writes passionately about marriages and mistakes, loyalty and betrayal, and about how our drive to create families can complicate the ones we already have. The Paternity Test is a provocative look at the new “family values.”

Answers in the Pages *Knopf Books for Young Readers*

A bold, timely novel about speaking up and coming out as parents lobby to ban a beloved book from the school curriculum by New York Times-bestselling author David Levithan. When Donovan left his copy of *The Adventurers* on the kitchen counter, he didn't think his mom would read it—much less have a problem with it. It's just an adventure novel about two characters trying to stop an evil genius...right? But soon the entire town is freaking out about whether the book's main characters are gay, Donovan's mom is trying to get the book removed from the school curriculum, and Donovan is caught in the middle. Donovan doesn't really know if the two boys fall in love at the end or not—but he does know this: even if they do, it shouldn't matter. The book should not be banned from school. Interweaving three connected storylines, David Levithan delivers a bold, fun, and timely story about taking action (whether it's against book censors or deadly alligators...), being brave, and standing up for what's right.
