I have an NM pajero (2001) exceed.  
Recently it had started to make a  
squeaky sound under the dash or hood  
(hard to tell) when you put your foot on  
the brake pedal. It happens more often  
now even when you havent got your foot  
on the brake. I think it has something to  
do with the hydraulic system. The  
squeaky noise is quite loud and  
annoying.
