The Upward Spiral

Using Neuroscience to Reverse the Course of Depression, One Small Change at a Time *New Harbinger Publications*

Depression can feel like a downward spiral, pulling you into a vortex of sadness, fatigue, and apathy. In *The Upward Spiral*, neuroscientist Alex Korb demystifies the intricate brain processes that cause depression and offers a practical and effective approach to getting better. Based on the latest research in neuroscience, this book

provides dozens of straightforward tips you can do every day to rewire your brain and create an upward spiral towards a happier, healthier life. Whether you suffer from depression or just want a better understanding of the brain, this book offers an engaging and informative look at the neuroscience behind our emotions, thoughts, and actions. The truth is that there isn't one big solution to depression, but there are numerous simple steps you can take to alter brain activity and chemistry. Some are as easy as relaxing certain muscles to reduce anxiety, or getting more sunlight to improve your mood. Small steps in the right direction can have profound effects—giving you the power to become your best self as you literally reshape your brain, one small change at a time.

The Upward Spiral Workbook

A Practical Neuroscience Program for Reversing the Course of Depression *New Harbinger Publications*

Positive life changes lead to positive brain changes. Drawing on the huge success of his groundbreaking book, *The Upward Spiral*, neuroscientist Alex Korb offers actionable, step-by-step skills to help you reshape your brain and create an upward spiral towards a happier, healthier life. Depression is defined by a collection of symptoms. You feel crappy most of the time. Nothing seems interesting, and everything seems overwhelming. You have trouble with sleep. You feel guilty and anxious and have thoughts that life isn't worth living.

Each symptom reinforces and inspires new symptoms, and this is a sign that your brain circuits are caught in the downward spiral of depression. So, how can you reverse it? In his first book, *The Upward Spiral*, neuroscientist Alex Korb demystified the intricate brain processes that cause depression and outlined a practical and effective approach for getting better. Based on the latest research, this evidence-based workbook takes the theory behind Korb's breakthrough book and distills it into concrete, actionable exercises and skills. Just as one small trigger can drag you down, an effective intervention can start enough momentum to carry you back up. Exercise, attention to breathing, gratitude, sleep hygiene, and positive social interactions are just some of the offerings in this workbook that can help alter activity in specific neural circuits, setting you on the path toward an upward spiral to happiness and well-being.

The Upward Spiral Card Deck

52 Ways to Reverse the Course of Depression - One Small Change at a Time

The Upward Spiral

Lawyers help others but take very poor care of themselves. In their quest to max out their earning potential and afford the best material goods our economy has to offer, lawyers lead a narrow, grimly serious existence without emotional rewards. They work inhuman hours yet always feel pressured for time. Since they never stop, breathe, and relax, they are frequently tense, irritable and ready to bark. Lawyers are highly competitive, results-oriented and easily shamed by losing. They see opposing lawyers as the

enemy and they substitute suspicion, cynicism and verbal abuse in place of peaceful, connected communication. This has made lawyers sick, sick of being lawyers and sick both mentally and physically. In polls of career satisfaction, more than half of all lawyers say they would quit today if they could afford it. One out of every five lawyers has major depression or alcoholism. Lawyers are 3.6 times more likely to be depressed than all other people working full time, and twice as likely to be alcoholics. It doesn't have to be this way. Lawyers can learn to let go of their manic pursuit of material wealth and value things like love, friendship, self-discovery, authenticity, spirituality and working with others to create something deeply meaningful. Lawyers can learn to overcome the polarizing us/them mindset which turns colleagues who deserve inclusion, respect and cooperation into enemies to be feared, mistrusted, hated and attacked. They can be taught to practice law with inspiration, enthusiasm, zest, pride and pleasure. They can learn how to practice effectively and yet still give themselves what human beings need - freedom, sunshine, fresh air, rest, ease, play, laughter, spirituality, creativity, and the pleasures of family, friendship and community. This book is a comprehensive self-help guide that can save the careers and lengthen the lives of lawyers under stress, and help them achieve the unthinkable - to feel happy, joyful, grateful to be alive.

Summary & Analysis : The Upward Spiral By Alex Korb : Using Neuroscience to Reverse the Course of Depression, One Small Change at a Time *Lulu Press, Inc*

The Upward Spiral *Partridge Africa*

The Upward Spiral is both the story of Vals journey of transformation and a process she has developed, and tested, that can lead us out of the endless cycle of repeating mistakes and reaching dead ends in our personal growth, and onto a new path of endless possibilities. Her philosophy brings together metaphysics, science, philosophy, spirituality and much more, with simplicity and a ring of truth. With transparent and straightforward honesty, Val says that working the transformational ten steps of the Upward Spiral takes courage, determination, discipline and responsibility, and it is darn hard work, but it is also a natural, joyous process that brings rewards from the very first step, and her enthusiasm for the Upward Spiral is encouraging.

Positivity *Harmony*

World renowned researcher Dr. Barbara

Fredrickson gives you the lab-tested tools necessary to create a healthier, more vibrant, and flourishing life through a process she calls "the upward spiral." You'll discover:

- What positivity is, and why it needs to be heartfelt to be effective
- The ten sometimes surprising forms of positivity
- Why positivity is more important than happiness
- How positivity can enhance relationships, work, and health, and how it relieves depression, broadens minds, and builds lives
- The top-notch research that backs the 3-to-1 "positivity ratio" as a key tipping point
- That your own sources of positivity are unique and how to tap into them
- How to calculate your current positivity ratio, track it, and improve it

With *Positivity*, you'll learn to see new possibilities, bounce back from setbacks, connect with others, and become the best version of yourself. From the Hardcover edition.

Spiraling Upward

The 5 Co-Creative Powers for Women on the Rise *Routledge*
Dual Winner -- 2016 Nautilus Gold Award (Women) and Silver Award (Business & Leadership). Women comprise 51 percent of the world's population, make up over half the workforce, and control 85 percent of consumer decisions. Never before have women been so degraded or so represented as decision makers in all areas of influence. Why, then, do we still feel as if success eludes us? Why do we sometimes struggle to keep our drive alive? The linear, heads-down, forward-at-all-cost approach to success that has been forged by men will never take us to the heart of fulfillment. Women are not designed for the straight and narrow path. But until now there hasn't been another choice. Pioneering corporate

coach Wendy Wallbridge recognizes this unmet need of professional women for an alternative path to success. *Spiraling Upward: The 5 Co-Creative Powers for Women on the Rise* offers a cogent, step-by-step roadmap for professional women to unlock their power and achieve success on their own terms. The "Spiral Up" method teaches women to cultivate the five co-creative powers of energy, thoughts, feelings, speech, and action--the fundamentals of self-creation--in order to redefine success and re-author their lives. If you're ready to rise up and express your creativity, authenticity, voice, and power to effect the changes you want, *Spiraling Upward* will show you the way. Complete with easy-to-follow steps and exercises, as well as inspiring stories of successful women, this book offers a cogent roadmap for professional women looking to unlock their power and achieve success on their own terms.

Expansion for Ascending Consciousness

Understanding the Universe, Consciousness, and Ascension *Balboa Press*

The awakening begins in an ascending consciousness with an unspecified dissatisfaction regarding the established rules and assumptions. You cannot identify the irritation, but it feels as if there should be something more. Because of this, you begin to look for answers outside of the normal channels and your awakening commences. The messages for awakening are as diverse as their sources because they are designed to reach different levels of consciousness—yet the truth is always the truth, though the form it takes may vary. *Expansion for Ascending Consciousness* is a cooperative effort to provide a basis for understanding consciousness and the energy construct we exist within. The intent is to remove the mysticism surrounding consciousness and embodied experience. While complex and miraculous in its design, consciousness is scientifically explainable and the foundation upon which the universe has been created. As an ascending collective, you have reached a time in your development where mysticism has

outlived its usefulness. Truth comes in many forms, and thus the information you gravitate to at any given moment is dependent upon what resonates with your current level of awakening. At a point in this process you will look back upon the information you have accumulated and see that each one was a step that incrementally raised your awareness. *Expansion for Ascending Consciousness* contains the next step along this path of ascension.

Get Out of Your Head Leader's Guide

A Study in Philippians *HarperChristian Resources*

Stopping the spiral of toxic thoughts. In *Get Out of Your Head*, a six-session video-based Bible study, Jennie inspires and equips us to transform our emotions, our outlook, and even our circumstances by taking control of our thoughts. Our enemy is determined to get in our heads to make us feel helpless, overwhelmed, and incapable of making a difference for the kingdom of God. But when we submit our minds to Christ, the promises of goodness of God flood our lives in remarkable ways. It starts in your head. And from there, the possibilities are endless. This guide serves as a tool to prepare you in leading this *Get Out of Your Head* study and to encourage you along the way. It helps you as the leader to effectively point your group to the overarching theme of each lesson and point them to the themes of each study. This *Get Out of Your Head Leader's Guide* includes: Session-by-session helps to guide your group through the study. Walk-through for using each piece of the study: Videos, Study Guide, and Conversation Card Deck. The vision for *Get Out of Your Head*. Tips for leading your group, and much more. This guide is designed for use with the *Get Out of Your Head Video Study* (9780310116394), sold separately. Streaming video, study guide, and conversation cards also available.

The Heart-Centered Woman's Guide to Healthy Boundaries

Discover the Upward Spiral That Can Save Your Life, Heal Your Relationships & Break the Cycle That Is Sabotaging Your Success

Summary of the Upward Spiral: Conversation Starters *Blurb*

The Upward Spiral: Using Neuroscience to Reverse the Course of Depression, One Small Change at a Time by Alex Korb: Conversation Starters There's nothing wrong with your brain, just like there's nothing wrong with the air in Oklahoma - despite the devastating tornadoes. The depressed person is not damaged goods but the brain is wired differently. It is a result of poor communication between two systems in the brain. A downward spiral is caused by anxiety, worry, bad habits, and negative thoughts. To get out of the downward spiral, small steps can be initiated by setting goals and making small decisions. An accessible account of how the brain malfunctions and how these cause depression, this book also provides instructions on how to follow an "upward spiral" and get out of the debilitating condition. *The Upward Spiral* is written by Alex Korb who is currently doing postdoctoral neuroscience

research at the University of California, Los Angeles. He is a blogger for Psychology Today. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to create hours of conversation: - Foster a deeper understanding of the book - Promote an atmosphere of discussion for groups - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource to supplement the original book, enhancing your experience. Deep Purpose

The Heart and Soul of High-Performance Companies *HarperCollins*

A distinguished Harvard Business School professor offers a compelling reassessment and defense of purpose as a management ethos, documenting the vast performance gains and social benefits that become possible when firms manage to get purpose right. Few business topics have aroused more skepticism in recent years than the notion of corporate purpose, and for good reason. Too many companies

deploy purpose, or a reason for being, as a promotional vehicle to make themselves feel virtuous and to look good to the outside world. Some have only foggy ideas about what purpose is and conflate it with strategy and other concepts like “mission,” “vision,” and “values.” Even well-intentioned leaders don’t understand purpose’s full potential and engage half-heartedly and superficially with it. Outsiders spot this and become cynical about companies and the broader capitalist endeavor. Having conducted extensive field research, Ranjay Gulati reveals the fatal mistakes leaders unwittingly make when attempting to implement a reason for being. Moreover, he shows how companies can embed purpose much more deeply than they currently do, delivering impressive performance benefits that reward customers, suppliers, employees, shareholders, and communities alike. To get purpose right, leaders must fundamentally change not only how they execute it but also how they conceive of and relate to it. They must practice what Gulati calls deep purpose, furthering each organization’s reason for being more intensely, thoughtfully, and comprehensively than ever before. In this authoritative, accessible, and inspiring guide, Gulati takes readers inside some of the world’s most purposeful companies to understand the secrets to their successes. He explores how leaders can pursue purpose more deeply by navigating the inevitable tradeoffs more deliberately and effectively to balance between short- and long-term value; building purpose more systematically into every key organizational function to mobilize stakeholders and enhance performance; updating organizations to foster more autonomy and collaboration,

which in turn allow individual employees to work more purposefully; using powerful storytelling to communicate a reason for being, arousing emotions and building a community of inspired and committed stakeholders; and building cultures that don’t merely support purpose, but also allow employees to link the corporate purpose to their own personal reasons for being. As Gulati argues, a deeper engagement with purpose holds the key not merely to the well-being of individual companies but also to humanity’s future. With capitalism under siege and relatively low levels of trust in business, purpose can serve as a radically new operating system for the enterprise, enhancing performance while also delivering meaningful benefits to society. It’s the kind of inspired thinking that businesses—and the rest of us—urgently need.

Mentalligence

A New Psychology of Thinking-- Learn What It Takes to be More Agile, Mindful, and Connected in Today's World *Simon and Schuster*

One of the greatest gifts we can give to ourselves is rethinking what we've been taught, because thoughts become behaviors. The same mind that gets us stuck is the same one that can set us free. It's time to rip up the script society hands us, breathe deep, and reclaim a healthy definition of success that doesn't compartmentalize your mind, body and soul. We need a new organizing framework that allows more flexibility and moral grounding—one that lets science, emotion and spirit to fuse. Too often, life's disorienting moments can leave us tumbling into messy, downward spirals. We lose clarity, and are held

hostage by blind spots that keep us from thriving. We fall into common mindless behavioral traps which lead to perpetual patterns of shutting down, numbing out, binding up and staying stuck. In this uniquely liberating book, Dr. Kristen Lee teaches us how to apply a process of behavioral change using a series of different lenses, to steer our brains to overcome blind spots and cultivate Upward Spiral habits. A leading expert on resilience and behavioral science, Dr. Kristen Lee developed this new psychology of thinking model from over twenty years of clinical practice, the latest neuroscience, and her own research findings. *Mentalligence* [men-tel-i-juh-ns] is a sage guide that will help you build meta-awareness by emphasizing an impact-driven rather than a performance-obsessed mindset, and adopt a model of 'collective efficacy' that is less I-focused and more we-focused, to facilitate positive social impact at a time when it's desperately needed. This is what psychologists call 'The Good Life'—living mindfully and consciously. Rather than falling for predominant definitions of 'success' that leave us boxed in, depleted, and oblivious to ways we can work together, *Mentalligence* helps us find the thinking and behavioral agility to work towards better outcomes for all.

The Health Care Mess

How We Got Into It and What It Will Take To Get Out *Harvard University Press*

In this important new book, Julius Richmond and Rashi Fein recount the fraught history of health care in America since the 1960s, showing how the promises of medical advances have not been matched either by financing or by

delivery of care. As a new crisis looms, and the existing patchwork of insurance is poised to unravel, American leaders must again take up the question of health care. This book brings the voice of reason and the promise of compromise to that debate.

Expansion for Ascending Consciousness - Book Two

Navigating the Upward Spiral of Ascension *Enlightened Aspect Productions*

An in depth exploration of self-aware consciousness both in the body and beyond it. The book is divided into three parts, with the mechanics of consciousness comprising Part One. Part Two expands upon the mechanical concepts to show how they can be used to navigate the upward spiral of ascension. Part Three includes meditations and active exercises to increase internal energy and focus it effectively. A valuable resource for everyone who has awakened to their true nature and is searching for the next level of awareness.

Summary Of The Upward Spiral

Using Neuroscience to Reverse the Course of Depression, One Small Change at a Time *By Alex Korb* *Independently Published*

Are you depressed? Note to Readers: This is a summary and analysis companion book based on *The Upward Spiral: Using Neuroscience to Reverse the Course of Depression, One Small Change at a Time* by Alex Korb. This fan-based review is meant to enhance your original reading experience, not supplement it. We strongly encourage you to purchase the original book here:

<https://amzn.to/2BK7a7z> Depression is a dysregulation of the frontal-limbic system in the brain. Learn what the contributions are of neurotransmitters and the function of brain chemicals. Find out how important it is to be grateful and to get good sleep. Why focus and making a plan is beneficial in decision making thus reducing stress. Find out why making decisions helps you to enjoy your life. Which will, in turn, give you the drive to exercise and socialize. Learn why, when you are down, your brain is stuck. Find out the many therapies, medications, and treatments that are available to battle depression. If you feel down visit a friend, spend time with a pet, or go for a walk outside in the sun, and read the book! Spiral House

Revealing the Sacred in Everyday Life *Glitterati*

* An inspiring, lavishly illustrated book about how artist Tom Gottsleben and his wife, Patty Livingston, spent 20 years building and living in a 5-storey spiral house made of stone* Architects, landscape designers, and artists who incorporate metaphysical ideas into their work will be drawn to this singular approach to architecture and design, explained from a personal and 20-year undertaking* Teachers and students looking for a fresh way to understand the ancient principles of philosophical geometry will be drawn to using these principles in everyday life* Spiritual seekers who want to incorporate the sacred into an environment and not just a mindset Why was an artist with no architectural experience inspired to

design and build a five-story spiral house made of stone? Can a home designed as sacred architecture be a comfortable place to live in the 21st century? How does living in a sacred space support one's path to awakening? These questions are answered in the story of artist Tom Gottsleben and his wife, Patty Livingston, who spent 20 years building a 5-storey spiral house made of stone. This inspiring, informative and inspirational book tells of Tom's years exploring stone sculpture and landscaping walls, his lifelong spiritual practice, his accidental discovery of sacred geometry, and how Patty's pragmatic nature grounded the project in the practicalities of a comfortable home. Although this is the personal story of one couple's journey and their beautiful home and joyful approach to life, its purpose is to attune readers to seeing and creating sacred space in their own lives.

Transforming Digital Worlds

13th International Conference, iConference 2018, Sheffield, UK, March 25-28, 2018, Proceedings

This book constitutes the proceedings of the 13th International Conference on Transforming Digital Worlds, iConference 2018, held in Sheffield, UK, in March 2018. The 42 full papers and 40 short papers presented together with the abstracts of 3 invited talks in this volume were carefully reviewed and selected from 219 submissions. The papers address topics such as social media; communication studies and online communities; mobile information and cloud computing; data mining and data analytics; information retrieval; information behaviour and digital literacy; digital curation; and information

education and libraries.

Irregular Armed Forces and their Role in Politics and State Formation
Cambridge University Press

Existing models of state formation are derived primarily from early Western European experience, and are misleading when applied to nation-states struggling to consolidate their dominion in the present period. In this volume, scholars suggest that the Western European model of armies waging war on behalf of sovereign states does not hold universally. The importance of 'irregular' armed forces - militias, guerrillas, paramilitaries, mercenaries, bandits, vigilantes, police, and so on - has been seriously neglected in the literature on this subject. The case studies in this book suggest, among other things, that the creation of the nation-state as a secure political entity rests as much on 'irregular' as regular armed forces. For most of the 'developing' world, the state's legitimacy has been difficult to achieve, constantly eroding or challenged by irregular armed forces within a country's borders. No account of modern state formation can be considered complete without attending to irregular forces.

Jasmin draws

Read Along or Enhanced eBook
Triangle Interactive, Inc.

Read Along or Enhanced eBook: Adding one chalk color at a time, Jasmin draws something on the sidewalk in front of her home. What is she drawing? At the end, we see it is a vibrant rainbow just like the one on her shirt.

The Mindful Way through Depression

Freeing Yourself from Chronic Unhappiness *Guilford Press*

If you've ever struggled with depression, take heart. Mindfulness, a simple yet powerful way of paying attention to your most difficult emotions and life experiences, can help you break the cycle of chronic unhappiness once and for all. In *The Mindful Way through Depression*, four uniquely qualified experts explain why our usual attempts to "think" our way out of a bad mood or just "snap out of it" lead us deeper into the downward spiral. Through insightful lessons drawn from both Eastern meditative traditions and cognitive therapy, they demonstrate how to sidestep the mental habits that lead to despair, including rumination and self-blame, so you can face life's challenges with greater resilience. This e-book includes an audio program of guided meditations, narrated by Jon Kabat-Zinn, for purchasers to stream or download from the Web. See also the authors' *Mindful Way Workbook*, which provides step-by-step guidance for building your mindfulness practice in 8 weeks. Plus, mental health professionals, see also the authors' bestselling therapy guide: *Mindfulness-Based Cognitive Therapy for Depression*, Second Edition. Association for Behavioral and Cognitive Therapies (ABCT) Self-Help Book of Merit

The Transhumanism Handbook

Springer

Modern humanity with some 5,000 years of recorded history has been experiencing growing pains, with no end in sight. It is high time for humanity to grow up and to transcend itself by embracing transhumanism. Transhumanism offers the most inclusive ideology for all ethnicities and races, the religious and the atheists, conservatives and liberals, the young and the old regardless of socioeconomic status, gender identity, or any other individual qualities. This book expounds on contemporary views and practical advice from more than 70 transhumanists. Astronaut Neil Armstrong said on the Apollo 11 moon landing in 1969, "One small step for a man, one giant leap for mankind." Transhumanism is the next logical step in the evolution of humankind, and it is the existential solution to the long-term survival of the human race.

Uncovering Happiness

Overcoming Depression with Mindfulness and Self-Compassion

Simon and Schuster

Goldstein believes that overcoming depression and uncovering happiness is in harnessing our brain's own natural antidepressant power and ultimately creating a more resilient antidepressant brain. In seven simple steps, she shows you how to take back control of your mind, your mood, and your life --

Fortunate Accidents

The Valedictorian of Being Dead

The True Story of Dying Ten Times to Live *Simon and Schuster*

From New York Times bestselling author

and blogger Heather B. Armstrong comes an honest and irreverent memoir—reminiscent of the New York Times bestseller *Brain on Fire*—about her experience as the third person ever to participate in an experimental treatment for depression involving ten rounds of a chemically induced coma approximating brain death. For years, Heather B. Armstrong has alluded to her struggle with depression on her website, *dooce*. It's scattered throughout her archive, where it weaves its way through posts about pop culture, music, and motherhood. In 2016, Heather found herself in the depths of a depression she just couldn't shake, an episode darker and longer than anything she had previously experienced. She had never felt so discouraged by the thought of waking up in the morning, and it threatened to destroy her life. For the sake of herself and her family, Heather decided to risk it all by participating in an experimental clinical trial. Now, for the first time, Heather recalls the torturous eighteen months of suicidal depression she endured and the month-long experimental study in which doctors used propofol anesthesia to quiet all brain activity for a full fifteen minutes before bringing her back from a flatline. Ten times. The experience wasn't easy. Not for Heather or her family. But a switch was flipped, and Heather hasn't experienced a single moment of suicidal depression since. "Breathtakingly honest" (Lisa Genova, New York Times bestselling author), self-deprecating, and scientifically fascinating, *The Valedictorian of Being Dead* brings to light a groundbreaking new treatment for depression. *The Valedictorian of Being Dead* was previously published with the subtitle "The True Story of Dying Ten Times to Live."

The Depression Cure

The 6-Step Program to Beat Depression without Drugs *Da Capo Lifelong Books*

Based on the highly effective, proven Therapeutic Lifestyle Change (TLC) program: a practical plan for natural ways to treat depression -- without medication In the past decade, depression rates have skyrocketed, and one in four Americans suffer from major depression at some point in their lives. Where have we gone wrong? Dr. Stephen Ilardi sheds light on our current predicament and reminds us that our bodies were never designed for the sleep-deprived, poorly nourished, frenzied pace of twenty-first century life. Inspired by the extraordinary resilience of aboriginal groups like the Kaluli of Papua New Guinea, Dr. Ilardi prescribes an easy-to-follow, clinically proven program that harks back to what our bodies were originally made for and what they continue to need with these six components: Brain Food Don't Think, Do Antidepressant Exercise Let There Be Light Get Connected Habits of Healthy Sleep The Depression Cure's holistic approach has been met with great success rates, helping even those who have failed to respond to traditional medications. For anyone looking to supplement their treatment, The Depression Cure offers hope and a practical path to wellness for anyone.

The Collaborative Way

A Story About Engaging the Mind and Spirit of a Company

CEO Barry Halton is beginning to think he's not cut out to carry a company from ordinary to extraordinary. After a great start-up, his second company has hit an

all-too-familiar wall. Frustrated and discouraged, he runs into an old friend who introduces him to The Collaborative Way(R), a way of working together that not only builds a great place to work but also generates the competitive advantage Barry is looking for. Three years after that chance encounter, the result is a dramatic change in Barry's leadership and in the leadership throughout his company—a tremendous growth in collaboration that's moving the company forward in a powerful and inspiring way.

Perfectly Hidden Depression

How to Break Free from the Perfectionism That Masks Your Depression *New Harbinger Publications*

When your life looks perfect, but you're silently falling apart... If you were raised to believe that painful emotions are a sign of weakness, or if being vulnerable has always made you feel unsafe, then you may have survived by creating a perfect-looking life—a life where you appear to be successful, engaged, and always there for others. The problem? You're filled with self-criticism and shame, and you can't allow yourself to express fear, anger, loss, or grief. You recognize something is wrong, but you're not sure what exactly—only that you feel trapped and alone. If this sounds like you, you may have perfectly hidden depression (PHD). With this compassionate guide, you'll begin the process of understanding your perfectionism, identifying destructive beliefs, and connecting with emotions suppressed for far too long. You'll also find tangible tips for quieting that critical inner voice, and powerful strategies for coping with difficult feelings. Most importantly, you'll learn that asking for

help isn't a sign of weakness, but a sign of strength. If you're ready to stop hiding

and start healing, this groundbreaking book will guide you—every imperfect step of the way.
