Weapons of Mass Migration: Forced Displacement, Coercion ...

Greenhill's latest book Weapons of Mass Migration is an innovative and beautifully written analysis of how, and to what extent, refugee flows are exploited by states in order to affect policy options and decisions taken by their counterparts. The analysis centres on the concept of coercive engineered migration or migration-driven coercion defined as 'population movements that are deliberately created or manipulated in order to induce political, military and/or economic concessions from a ...

Weapons of Mass Migration: Forced Displacement, Coercion ...

In Weapons of Mass Migration, Kelly Greenhill offers a superbly written and thoroughly researched analysis of a phenomenon that has barely received scholarly attention: coercive engineered migration. As opposed to refugee flows that are rooted in domestic conflicts, without regard for their external consequences, coercive engineered migration is a deliberate attempt by a state or nonstate actor to extract concessions from a foreign target(s), using forced displacement as a weapon.
