Some ranges have had marketing names, such as Spectra and XL44, printed on their control panels. These names were given to denote a particular feature or set of features. The name XL44 was given to certain gas ranges because of the extra large oven cavity, which was 4.4 cubic feet and one of the largest oven cavities on the market today. Spectra was given to denote features such as a 5.0 cubic foot oven, true temp system, bake element type, etc. Spectra and XL44 are not the model numbers for ...
