Deathmaker Dragon Blood Book 2

This being the second book of the "Dragon Blood" series, my problems with the not so complete world-building in "Balanced on the Blade's Edge" have evaporated: with Cas' captivity, the reader gets a better look at the people of Cofah and with the pirates Cas inadvertently encounters, another layer is added to the world in which the Cofah empire seeks to get back the continent of Iskandia, which they once invaded and ruled, but lost to its natives some hundreds of years ago.

Deathmaker (Dragon Blood Book 2) eBook: Buroker, Lindsay ...

(3 1/2 stars) The second book in the series, this is a great light YA fantasy/ steampunk, and definitely one for Buroker Fans. I found the storyline, humour and characters more enjoyable in this second volume, and the relationship between the two protagonists more believable (although some more character complexity and development on the romance front would have made it even better).

Book 2 - DEATHMAKER (4.5 stars) Last night I finished the Deathmaker, book 2 of the Dragon Blood Collection, and will admit I enjoyed better than the first book. It was far more interesting reading about the main characters, Lt. Ahn and The Deathmaker, but I especially enjoyed how the plot wasn't based in just one scene, that the places where they encountered their

adventures kept changing.

This is the third in the Dragon Blood series, the first being "Balanced on the Blade's Edge's (Sardelle and Ridge's story) and the second "Deathmaker" (Cas and Tolemek's story). With the first two being primarily girl meets boy with action a close second, I spent the start of the book trying to guess which characters were going to get together.
