Deconstruction is a poststructuralist theory, based largely but not exclusively on the writings of Derrida. It is in the first instance a philosophical theory and a theory directed towards the (re)reading of philosophical writings. Its impact on literature, mediated in North America largely through the influences of theorists at Yale University, is based.

Deconstruction | Literary Theory and Criticism

Deconstruction is an apparent revolution against all the literary theories before itself which vouch for a unity in the literary texts. It seeks to find the differences, contradictions, paradoxes, ambiguity and disintegration (in short, loopholes) in the text.

Deconstruction - an introduction to literary theory & examples

Deconstruction, form of philosophical and literary analysis, derived mainly from work begun in the 1960s by the French philosopher Jacques Derrida, that questions the fundamental conceptual distinctions, or “oppositions,” in Western philosophy through a close examination of the language and logic of

philosophical and literary texts.

deconstruction | Definition, Philosophy, Theory, Examples ...

Deconstruction is an approach to understanding the relationship between text and meaning. It was originated by the philosopher Jacques Derrida (1930–2004), who defined the term variously throughout his career. In its simplest form it can be regarded as a criticism of Platonism and the idea of true forms, or essences, which take precedence over appearances.

Deconstruction - Wikipedia

Deconstruction: A school of philosophy that originated in France in the late 1960s, has had an enormous impact on Anglo-American criticism. Largely the

creation of its chief proponent Jacques Derrida, deconstruction upends the Western metaphysical tradition. It represents a complex response to a variety of theoretical and philosophical movements of the 20th century, most notably Husserlian phenomenology, Saussurean and French structuralism, and Freudian and Lacanian psychoanalysis.

What is deconstruction? how to

apply it on novel?

In the United States in the 1970s and '80s, deconstruction played a major role in the animation and transformation of literary studies by literary theory (often referred to simply as "theory"), which was concerned with questions about the nature of language, the production of meaning, and the relationship between literature and the numerous discourses that structure human experience and its histories.
