This book is (obviously) similar to the "Atlas of Human Anatomy for the Artist" because it gives images of the skeletal structure and even muscular structure of several different animals (including: horse, dog, lion, cow and several other animals covered briefly. Anatomy structure is very important when drawing a human figure or an animal! Anytime I am drawing a certain animal I use this book as reference, even if there is not a specific animal included, this book has a good basis to start from.
