In political science, comparative historical analysis is a major component of the organized sections on comparative politics, politics and history, and states, politics, and policy, as well as the

Committee on Concepts and Methods. In history, this tradition is well represented by the Social Science History Association (SSHA)

Comparative Historical Analysis in the Social Sciences

Comparative-historical analysis (CHA) has a long and distinguished pedigree in political science. In a discipline in which a succession of different movements has advocated new approaches promising more powerful theory or new methodologies for more rigorously testing theory, or both, CHA has stood the test of time.

Comparative-historical analysis in contemporary political ...

The aim of comparative history is to

achieve a better understanding of historical institutions or ideas by seeing how they differ between societies or across time. Thus a comparative study could be made of trade unions in different European countries at the same point in time, or of trade union development at different times in the same country. Difficulties lie in controlling the number of variables in such studies (at the same date two countries could be a vastly different levels of ...

Comparative History - Themes - Making History

Comparative historical research is a method of social science that examines historical events in order to create explanations that are valid beyond a

particular time and place, either by direct comparison to other historical events, theory building, or reference to the present day. Generally, it involves comparisons of social processes across times and places. It overlaps with historical sociology. While the disciplines of history and sociology have always been connected, they have connected in
