Back to Basics Skyhorse Publishing Inc.

A lavishly illustrated revision of a top-selling primer invites readers to develop healthier, more environmentally friendly, and self-sufficient living skills that are less reliant on technology, in a resource that shares step-by-step instructions for such capabilities as raising chickens, making cheese, and building a log cabin.

Back to Basics Skyhorse

The classic guide to self-sufficiency, with more than 200,000 copies sold—now fully updated! Anyone who wants to learn basic living skills—the kind employed by our forefathers—and adapt them for a better life in the twenty-first century need look no further than this eminently useful, full-color guide. Countless readers have turned to Back to Basics for inspiration and instruction, escaping to an era before power saws and fast-food restaurants and rediscovering the pleasures and challenges of a healthier, greener, and more self-sufficient lifestyle. Now newly updated, the hundreds of projects, step-by-step sequences, photographs, charts, and illustrations in Back to Basics will help you dye your own wool with plant pigments, graft trees, raise chickens, craft a hutch table with hand tools, and make treats such as blueberry peach jam and cheddar cheese. The truly ambitious will find instructions on how to build a log cabin or an adobe brick homestead. More than just practical advice, this is also a book for dreamers—even if you live in a city apartment, you will find your imagination sparked, and there's no reason why you can't, for example, make a loom and weave a rag rug. Complete with tips for old-fashioned fun (square dancing calls, homemade toys, and kayaking tips), this may be the most thorough book on

voluntary simplicity available.

Back to Basics Readers Digest

Uses the latest methods to teach crafts and old-fashioned domestic skills and contains projects ranging from planting a kitchen garden to building a hot tub

Back to Basics Faith With Works Publishing Company

Back To Basics Xlibris Corporation

As a registered nurse for the last 28 years, my primary clinical expertise has been working in the pre-hospital environment as a flight nurse and a paramedic, as well as continuing to work in a variety of clinical areas which include the emergency department, pediatrics and endoscopy. My extensive clinical background has also given me the opportunity to work as a legal nurse consultant with one of the largest law firms in Arizona. As an EMS educator and program director of paramedic training programs for the last 20 years and most recently as the National Clinical Educator for one of the largest air medical transport companies, I truly enjoy teaching in a simple manner as to assure that students do have a strong basic understanding in making critical care decisions and that they will be providing the highest quality of patient care beginning from the least to the most invasive management of care for the patients they are transporting. My goal as a professional and as an EMS educator has always been and will continue to encourage students to have the desire to learn and grow in their profession, as well as contribute to EMS in a way that inspires positive change. "Tell me and I'll forget; Show me and I may remember; Involve me and I'll

understand"

Back to Basics: Strategy *SCB Distributors*

The Basics of Chess Strategy While there are many books about how to improve your chess tactics, instructive books about chess strategy, particularly for players of less than master strength, are few and far between. In the latest entry in the widely acclaimed Back to Basics Chess Series, international grandmaster and popular author Valeri Beim explains the basics of strategic concepts in chess. His topics include: - Piece Development - The Center - Principle of two weaknesses - Pawn structures - Cooperation of pieces - Weak pawns - Weak square complexes - Positional considerations - The Bishop pair - Conditions for proper

implementation of a strategic plan - Open Lines ...and much more! This book has been written for the great majority of chessplayers rated below master strength. Clear, concise explanations and examples, discussions of strategic objectives and of the formation of strategic plans are all designed to aid the aspiring chessplayer to better understand and implement chess strategy.

Back to Basics in Physiology *Academic Press*

This original six chapter book will briefly review and integrate the basic concepts behind water distribution and movement in the body. This fills a knowledge gap that most medical and undergraduate physiology students acquire when these topics are studied separately. As of now, there is no textbook that fully integrates renal, cardiovascular and water physiology in a clear understandable manner. The book is intended primarily for medical students and undergraduate physiology students. Chapters include: 1) Water and its Distribution; 2) Water Dynamics; 3) Fluid Handling by the Heart and Blood Vessels; 4) Fluid Handling by the Kidneys; 5) Water and Oxygen Delivery; 6) Integration in the Response to Hemorrhage, Volume Depletion, and Water Redistribution. An easy-to-read, step by step explanation of how water is distributed, how it moves, how this aides in oxygen delivery and how this is regulated in the human body. Presents a complex and detailed topic in an original way that will allow students to understand more complex textbooks and explanations

Back To Basics *Penguin Canada*

Chef Michael goes back to basics—with a twist! Back to Basics features 100 simple

and delicious classic recipes, ingredients, and cooking techniques. And in every recipe, Chef Michael shows how easy it is to add a twist or two to your cooking. You'll never get stuck making a dish just one way! Chock full of mouth-watering photography to inspire you, *Back to Basics* is all about Chef Michael's simple approach to cooking basics. Once you understand the elements behind a dish, you can then stir your own personality into your cooking. You'll see how easy it is to impress family and friends in your own kitchen. And once you know the basic rules, you can break them. Chef Michael's passionate commitment to cooking simple, classic recipes will inspire and guide you to lots of great new flavours in your kitchen!

Homesteading *Simon and Schuster*

From the author of *Back to Basics*, this updated guide to green living in the city, country, or suburbs is "a vast wealth of resources for the eco-minded" (Booklist). Who doesn't want to shrink their carbon footprint, save money, and eat homegrown food whenever possible? Even if you're very much on the grid, you'll find lots of useful information in this fully illustrated guide on the basics of living the good, clean life. City, suburb, or wilderness-dweller, there's plenty you can do to improve your life from a green perspective. Got sunlight? Start container gardening—and make sauce with your own homegrown fresh tomatoes Reduce electricity use by eating dinner by candlelight (using homemade candles, of course) Learn to use rainwater to augment water supplies Make your own soap and hand lotion Consider keeping chickens for the eggs From what to eat to supporting sustainable restaurants to avoiding dry

cleaning, this book offers information on anything a homesteader needs—and more.

Tom Watson's Getting Back to Basics

The PGA champion provides a complete guide to the basic principles and techniques of golf, including lessons in proper golf grips, pre-shot routines, set-ups and alignments, strokes, and equipment selection

Essentials for Life *Thomas Nelson Inc*

True enjoyment in life is found by focusing on the essentials. A growing number of people recognize their need for a reliable guide for their life's journey. *Essentials for Life* fills that need by helping readers get back to the basics of what matters most with a fresh perspective on four core essentials of the Christian life: What do I believe? How do I grow closer to God? What should my character and life reflect? How do I live my life every day? *Essentials for Life* offers fifty daily or weekly readings that each include a key life-guide principle, scripture and quotes, meditation, an interesting fact, and a unique application suggestion. Each discussion offers hope and a sense of peace and well-being by focusing on life with an eternal perspective. The content offers spiritual truth while the interior graphic design, which includes sidebars and visuals, enhances the readability and the impact of each core essential.

Investing 101 *Simon and Schuster*

This hands-on lesson in investing keeps you engaged as you learn how to build a portfolio and expand your savings.

Cataloging and Classification
Routledge

The cataloging and classification field is changing rapidly. New concepts and models, such as linked data, identity management, the IFLA Library Reference Model, and the latest revision of Resource Description and Access (RDA), have the potential to change how libraries provide access to their collections. To prepare library and information science (LIS) students to be successful cataloging practitioners in this changing landscape, they need a solid understanding of fundamental cataloging concepts, standards, and practices: their history, where they stand currently, and possibilities for the future. The chapters in *Cataloging and Classification: Back to Basics* are meant to complement textbooks and lectures so students can go deeper into specific topics. New and well-seasoned library practitioners will also benefit from reading these chapters as a way to refresh or fill gaps in their knowledge of cataloging and classification. The chapters in this book were originally published as a special issue of the journal, *Cataloging & Classification Quarterly*.

Literacy *R.I.C. Publications*

The Homesteading Handbook *Skyhorse Publishing, Inc.*

Explains how to grow an organic garden, preserve the food one grows, build alternate-energy devices by hand, identify edible wild foods, conserve water, handcraft household items and much more, in a book with 500 full-color illustrations. Original.

Thug Kitchen 101 *Rodale*

The creators of the New York Times bestselling cookbook series Thug Kitchen are back to deliver you the sorta gentle,

but always hilarious shove you need to take the leap into healthy eating. Thug Kitchen 101 includes more than 100 easy and accessible recipes to give you a solid start toward a better diet. TK holds your hand and explains ingredients from chickpeas to nooch so you'll feel confident knowing exactly what the f*ck you're cooking. This kickass vegan kitchen primer also serves up health benefits and nutrition statistics to remind everyone, from curious newbies to health nuts, how a plant-based lifestyle benefits our bodies, minds, environment, and our pocketbooks. THAT'S RIGHT. EAT GREEN, SAVE GREEN. So scared of commitment you can't even dedicate some time to cook? Thug Kitchen's here to fix that sh*t: All recipes in TK 101 are guaranteed to be faster than delivery, so you can whip up some tasty meals with simple ingredients regardless of when you stumbled home from work. You're too damn important to be eating garbage, so TK has made it easy to take care of #1: you. No needless nonsense or preachy bullsh*t. Just delicious, healthy, homemade food for all the full-time hustlers out there. "Thug Kitchen backs up its bluster with good, solid recipes."--New York Times "Funny, self-aware, and full of delicious-looking recipes that I want to make right this second." --Epicurious.com "F*cking delicious."--Popsugar.com

Back to the Basics

As believers, our desire is to follow the Lord more closely and to understand His Word for maximum impact in our lives. Occasionally, however, we find ourselves not even knowing the right questions to ask or the best way to approach Scripture in search of answers. "Back to the Basics: A Guide for Christian Living" is not a lofty theological work, nor is it an

academic commentary. Instead, using simple language, Joe Quatrone, Jr. addresses intriguing questions; such as: * Why must there be consequences to actions? * What are the benefits of waiting for God's will and how would I even know what that is? * How can I stand strong in my faith against society's ungodly pressures? * How does my relationship from the past affect my relationship with God now? * Is there a secret to contentment? * How can I be secure in my salvation? * What happens when I die? "Back to the Basics: A Guide for Christian Living" is a great down to earth guide to basic Christian principles. Each concept is explained clearly without a lot of confusing doctrine and theology. If you are unsure of every part of your faith, a new Christian, want your faith shaken up, or have questions and no answers, then try this book. It will help bring Scripture to life, make sense of the hard questions, and enhance your understanding of the way life was meant to be lived.

The Illustrated Encyclopedia of Country Living *Simon and Schuster*

Packed with step-by-step instructions, useful tips, time-honored wisdom, and both illustrations and photographs, this might just be the most comprehensive guide to back to basics living ever published. Fans of Back to Basics, Homesteading, and Self-Sufficiency have been asking for a one-stop resource for all the subjects covered in that successful series. In response, Gehring has compiled a massive, beautifully presented, single volume that covers canning and preserving, keeping chickens, fermenting, soap-making, how to generate your own energy, how to build a log cabin, natural medicine, cheese-making, maple sugaring, farm

mechanics, and much, much more. Whether you own one hundred acres or rent a studio apartment in the city, this book has plenty of ideas to inspire you. Learn how to build a log cabin or how to craft handmade paper; find out how to install a solar panel on your roof or brew your own tea from dried herbs; Cure a ham, bake a loaf of bread, or brew your own beer. This book has something for everyone.

Back to Basics *Cgw*

The Essential House Book

In this home-design reference book for the '90s, the five main sections show the reader how to develop a personal sense of style and to carry it through to reality, whether in major structural changes or smaller design touches. There is additional advice on the best decorating and furnishing options, a checklist of maintenance tips, and an index of useful addresses including advisory bodies, architects, designers, suppliers and shops.

Back to Basics: Openings *SCB Distributors*

Chess Openings Can Be Simple! Because of the sheer volume of variations, possible transpositions and ever-changing theory, chess openings can be overwhelming ♦ even intimidating. This book is an introduction to understanding and playing chess openings. The author, Danish Master Carsten Hansen, stresses opening play based on comprehending opening principles as well as useful, fundamental knowledge. With an overview of all the most important opening variations, examples of good and bad opening play, opening traps and problems to solve, chess openings and its major principles are covered

thoroughly. Many games are lost as a result of a player's poor grasp of even the most basic principles of opening play. This book will help you enhance your understanding and give you guidelines on how to best study and play chess openings, reaching good, playable middlegame positions.

Back to Basics *P & R Publishing*

The Reformed Faith is a rich tapestry of biblical understanding that encompasses all of thought and life. Those who embrace that understanding find it to be practical and life-changing -- reformation for the sake of transformation. This book -- a call to rediscover the richness of the Reformed faith -- provides in one volume a fresh and enlightening look at four crucial biblical concerns: Conversion; the Covenant; the Church; the Christian Life Book jacket.

Back to Basics *Michael O'Mara Books*

Don't know Midas from Oedipus? Wouldn't recognize a concerto from a sonata? Many of us wish that we could fill in the gaps in our education in order to avoid those embarrassing situations when we feel as if we don't know things that others do. In *Back to Basics*, bestselling author Caroline Taggart will provide readers with the opportunity to learn really useful stuff that was never taught in mainstream education, while also giving a refresher course on the main staples. From brushing up on Bible stories and classical architecture, to identifying different types of clouds, your thirst for knowledge will be sated and your education complete - and it's enormous fun to boot!

The Country Living Handbook *Simon and Schuster*

Packed with step-by-step instructions,

useful tips, time-honored wisdom, and both illustrations and photographs, this compact guide has everything you need to dive into a more self-sufficient life. From canning and preserving to keeping chickens, fermenting vegetables to soap-making, Gehring covers all the basics in this easy-to-read, approachable collection. Topics covered include: Generating your own energyHerbal medicineCheese-makingMaple sugaringFarm mechanicsBuilding a smokehouseDyeing woolCompostingDisaster PreparednessAnd more!Whether you own one hundred acres or rent a studio apartment in the city, this book has plenty of ideas to inspire you. Learn how to build a log cabin or how to craft handmade paper; find out how to install a solar panel on your roof or brew your own tea from dried herbs; Cure a ham, bake a loaf of bread, or brew your own beer. This book has something for everyone.

Back to Basics *Russell Enterprises Incorporated*

The essential building blocks of the royal game are presented simply and in an easy-to-understand format. With the expert guidance of chess master Branislav Francuski, you will learn how the chess pieces move and capture; the underlying principles of the game; how to spot and carry out simple checkmates; and how to understand the basic tactical ideas that are so important to playing and winning. Fundamental concepts, tactical themes and other significant points of the game are underscored by over 800 diagrams and positions. Solutions and clear explanations are supplemented by important principles, highlighted in blue. Whether used alone or with an

instructor, Back to Basic: Fundamentals will put you on the road to good chess!

Back 2 Basics

The moment we are born in this planet, we enter into the inevitable battle called life. Living a fulfilling life is one of the toughest tasks that we all have to face. Most of us keep on relentlessly holding on to the false hope that a savior will arrive in front of us to free us from all our struggles. But is this ever going to happen? Here we must remember the famous phrase "God helps those who help themselves." Whenever we feel that we are stuck in a loop of repetitive struggles, we must immediately seek the help of that person who will never betray us—that is ourselves. The answers to all your struggles always reside within your heart. In this book, the author tells the readers how to lead a satisfying life by looking at life from a whole new perspective. Flip through the pages of Back 2 Basics to venture into a new world of happiness which was always around you from the very beginning. The author will guide you through the process of discovering your own path of contentment.

Clean Agile *Prentice Hall*

Agile Values and Principles for a New Generation "In the journey to all things Agile, Uncle Bob has been there, done that, and has the both the t-shirt and the scars to show for it. This delightful book is part history, part personal stories, and all wisdom. If you want to understand what Agile is and how it came to be, this is the book for you." –Grady Booch "Bob's frustration colors every sentence of Clean Agile, but it's a justified frustration. What is in the world of Agile development is nothing compared to what could be. This book is Bob's

perspective on what to focus on to get to that 'what could be.' And he's been there, so it's worth listening." –Kent Beck "It's good to read Uncle Bob's take on Agile. Whether just beginning, or a seasoned Agilista, you would do well to read this book. I agree with almost all of it. It's just some of the parts make me realize my own shortcomings, dammit. It made me double-check our code coverage (85.09%)." –Jon Kern Nearly twenty years after the Agile Manifesto was first presented, the legendary Robert C. Martin ("Uncle Bob") reintroduces Agile values and principles for a new generation—programmers and nonprogrammers alike. Martin, author of Clean Code and other highly influential software development guides, was there at Agile's founding. Now, in Clean Agile: Back to Basics, he strips away misunderstandings and distractions that over the years have made it harder to use Agile than was originally intended. Martin describes what Agile is in no uncertain terms: a small discipline that helps small teams manage small projects . . . with huge implications because every big project is comprised of many small projects. Drawing on his fifty years' experience with projects of every conceivable type, he shows how Agile can help you bring true professionalism to software development. Get back to the basics—what Agile is, was, and should always be. Understand the origins, and proper practice, of SCRUM Master essential business-facing Agile practices, from small releases and acceptance tests to whole-team communication. Explore Agile team members' relationships with each other, and with their product. Rediscover indispensable Agile technical practices: TDD, refactoring, simple design, and pair

programming Understand the central roles values and craftsmanship play in your Agile team's success If you want Agile's true benefits, there are no shortcuts: You need to do Agile right. Clean Agile: Back to Basics will show you how, whether you're a developer, tester, manager, project manager, or customer. Register your book for convenient access to downloads, updates, and/or corrections as they become available. See inside book for details.

Retirement *Susan Kersley*

If you want basic information about how retirement will affect you, this book is for you!. It covers the challenges of retirement, the decisions you need to make and the new routines to adopt as you enter the new stage in your life. Written by Susan Kersley who has retired twice: from being a doctor and then a life coach. She is the author of self help books for doctors and others.

Back to Basics Discipline

"The book's premise is that it's time to get back to the basics in raising children and teaching old-fashioned values, such as responsibility, respect, self-control, honesty, and compassion. Offers a no-nonsense approach to discipline that is firm but loving and results in well-mannered children."

Power Health - Back to Basics *AuthorHouse*

There is an answer to the questions being asked today about the youth of our day. Knowing that the Word of God is the only power that can change the human heart, heal the mind, body and soul, give hope, courage, faith and eternal life. I said yes to God when challenged by God to be used of Him to bless the youth, and others. Christian

education is primarily the function of the home. Deuteronomy Chapter six delineates the responsibility to parents. T .C.C.H. Ministry Curriculum is a tool, one of the many ways to assist parents in their awesome responsibility of nurturing their children in the reverential fear and admonition of the Lord. The curriculum is designed to encourage one to seek for answers from the Holy Word of God.

Back-to-School Rules *Carolrhoda Books ®*

School's in session! When it comes to surviving school, Percy's at the head of the class. If you can follow his ten simple rules, making the grade will be a piece of cake (and school will be a lot of fun). But there's more to school than showing up on time and staying awake in class. If you have any doubts, Percy also shows exactly what not to do. • No spitballs! • No running in the halls! • No bouncing off the ceiling! • No crazy scheming! See what other trouble—and tips—Percy has in mind!

How to be a Gardener *Random House*
How to be a Gardener Book One, available at long last in paperback, is the fastest-selling gardening book of all time with sales in excess of 600,000 copies. In How to be a Gardener Book One, Alan Titchmarsh draws on his knowledge and passion for gardening, and his many years of experience, to give you a comprehensive guide that explores every aspect of your garden and how it works. In this, the first of two volumes, Alan starts with the basics that every gardener needs to know. He includes information on how plants work and what they need to survive, as well as

advice on where to begin if you're a first-time gardener. Released to coincide with *How to be a Gardener Revisited*, a reversioned series of HTBAG 1 & 2 featuring new footage with Alan Titchmarsh in January 2005. In setting

out the basic gardening principles and explaining the hows and whys, Alan gives the novice confidence and increases the skills and understanding of more experienced gardeners, too.
