reality check." This manual is a great introduction for those curious about and interested in exploring mindfulness meditation and will make a highly useful tool for teaching beginner students.

Not every part of you wants what you think you want! The innovative technique of voice dialogue will help you communicate with your alter egos, whatever your goal is. In the process, you'll discover and liberate inner "wise counselors, canny advisers, and magical sages," transforming them into valuable allies who'll help you finally achieve your goals.
