Fairy Tale Films

Visions of Ambiguity

University Press of Colorado

In this, the first collection of essays to address the development of fairy tale film as a genre, Pauline Greenhill and Sidney Eve Matrix stress, "the mirror of fairy-tale film reflects not so much what its audience members actually are but how they see themselves and their potential to develop (or, likewise, to regress)." As Jack Zipes says further in the foreword, "Folk and fairy tales pervade our lives constantly

through television soap operas and commercials, in comic books and cartoons, in school plays and storytelling

performances, in our superstitions and prayers for miracles, and in our dreams and daydreams. The artistic re-creations of fairy-tale plots and characters in film—the parodies, the aesthetic experimentation, and the mixing of genres to engender new insights into art and life—mirror possibilities of estranging ourselves from designated roles, along with the conventional patterns of the classical tales.” Here, scholars from film, folklore, and cultural studies move discussion beyond the well-known Disney movies to the many other filmic

adaptations of fairy tales and to the widespread use of fairy tale tropes, themes, and motifs in cinema.

Valentine's fresh, original style and choice of setting make this a fairy tale reimagining not to be missed" (Library Journal, starred review). Jo, the

firstborn, "The General" to her eleven sisters, is the only thing the Hamilton girls have in place of a mother. She is the one who taught them how to dance, the one who gives the signal each night, as they slip out of the confines of their father's Manhattan townhouse and into the cabs that will take them to the speakeasy. Together they elude their distant and controlling father, until the day he decides to marry them all off. The girls, meanwhile, continue to dance, from Salon Renaud to the Swan and, finally, the Kingfisher, the club they've come to call home. They dance until one night when they are caught in a raid, separated, and Jo is thrust face-to-face with someone from her

past: a bootlegger named Tom whom she hasn't seen in almost ten years. Suddenly Jo must balance not only the needs of her father and eleven sisters, but her own as well. With *The Girls at the Kingfisher Club*, award-winning writer Genevieve Valentine takes her superb storytelling gifts to new heights, joining the leagues of such Jazz Age depictees as Amor Towles and Paula McLain, and penning a dazzling tale about love, sisterhood, and freedom.

A classic fairy tale with a bold twist, *The Thirteenth Princess* tells the unforgettable

A Wild Swan

And Other Tales *Farrar, Straus and Giroux*

Fairy tales for our times from the Pulitzer Prize-winning author of *The Hours* A poisoned apple and a monkey's paw with the power to change fate; a girl whose extraordinarily long hair causes catastrophe; a man with one human arm and one swan's wing; and a house deep in the forest, constructed of gumdrops and gingerbread, vanilla frosting and boiled sugar. In *A Wild Swan and Other Tales*, the people and the talismans of lands far, far away—the mythic

figures of our childhoods and the source of so much of our wonder—are transformed by Michael Cunningham into stories of sublime revelation. Here are the moments that our fairy tales forgot or deliberately concealed: the years after a spell is broken, the rapturous instant of a miracle unexpectedly realized, or the fate of a prince only half cured of a curse. The Beast stands ahead of you in line at the convenience store, buying smokes and a Slim Jim, his devouring smile aimed at the cashier. A malformed little man with a knack for minor acts of wizardry goes to disastrous lengths to procure a child. A loutish and lazy Jack prefers living in his mother's basement to

getting a job, until the day he trades a cow for a handful of magic beans. Reimagined by one of the most gifted storytellers of his generation, and exquisitely illustrated by Yuko Shimizu, rarely have our bedtime stories been this dark, this perverse, or this true.

Twelve Dancing Princesses**Coyote Tales**

Groundwood Books Ltd

Two tales, set in a time “when animals and human beings still talked to each other,” display Thomas King’s cheeky humor and master storytelling skills. Freshly illustrated and reissued as an early chapter book, these stories are perfect for newly independent readers. In *Coyote Sings to the Moon*, Old Woman and

the animals sing to the moon each night. Coyote attempts to join them, but his voice is so terrible they beg him to stop. He is crushed and lashes out — who needs Moon anyway? Furious, Moon dives into a pond, plunging the world into darkness. But clever Old Woman comes up with a plan to send Moon back up into the sky and, thanks to Coyote, there she stays. In *Coyote’s New Suit*, mischievous Raven wreaks havoc when she suggests that Coyote’s toasty brown suit is not the finest in the forest, thus prompting him to steal suits belonging to all the other animals. Meanwhile, Raven tells the other animals to borrow clothes from the humans’ camp. When Coyote finds that

his closet is too full, Raven slyly suggests he hold a yard sale, then sends the human beings (in their underwear) and the animals (in their ill-fitting human clothes) along for the fun. A hilarious illustration of the consequences of wanting more than we need.
