The Encyclopedia of Early Earth

A Novel *Little, Brown*

A beautifully illustrated book of imaginary fables about Earth's early--and lost--history. Before our history began, another--now forgotten--civilization thrived. The people who roamed Early Earth were much like us: curious, emotional, funny, ambitious, and vulnerable. In this series of illustrated and linked tales, Isabel Greenberg chronicles the explorations of a young man as he paddles from his home in the North Pole to the South Pole. There, he meets his true love, but their romance is ill-fated. Early Earth's unusual and finicky polarity means the lovers can never touch. As intricate and

richly imagined as the work of Chris Ware, and leavened with a dry wit that rivals Kate Beaton's in *Hark! A Vagrant*, Isabel Greenberg's debut will be a welcome addition to the thriving graphic novel genre.

Letters from Rifka *Henry Holt and Company (BYR)*

From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated. "What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the

form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island--and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, *Letters from Rifka* presents a real-life heroine with an uncommon courage and unsinkable spirit.

A race of fish build a society parallel to our own. And a bunch of office managers suddenly turn into frogs, but find that their new lives aren't so bad. The ambitious, unique and provocative *Tales From the Inner City* draws on the success of Shaun Tan's *The Arrival* and *Tales From Outer Suburbia* and updates its sensibilities for a new generation. Combining his poignant and sensitive short stories with surreal, luminous paintings, Tan turns his astute lens on the environment, cities, family and the relationships between human and animals. This work opens a portal to the imagination and captures the beauty, joy and tragedy in the everyday lives of kids, teens and adults.

The Bird King and Other Sketches

Templar Books

What do the bird king, the thing in the bathroom and the paraffin-oil koala have in common? They all inhabit the world of the artist, author and illustrator Shaun Tan. Collected from his working sketchbooks, with commentary by the artist, these ideas, studies and doodles aim to offer an insight into the imagination of this storyteller.

Ideology and Politics *Routledge*

First published in 1976. Ideology plays an important role in many fields of human activity and has therefore been dealt with directly and indirectly in a vast number of studies, but a generally accepted definition of the term is lacking even in the various branches of social and political science. This book - the first since Mannheim to elaborate a comprehensive theory of ideology - seeks to offer a generally applicable definition, a task which of necessity involves taking issue with the logical and political implications of the conceptions in current use and which touches on central problems of politics and political science. Professor Seliger's theory is based on an approach and conceptualizations which will appeal both to 'traditionalists' and 'behaviourists' since he gives due weight to both kinds of literature. Indeed, this book reflects throughout a detachment and independence of thought which are refreshing and opens up the way for both theorists and practising politicians to re-examine ideological tenets in the light of actual and feasible policy orientations and embark upon ideological reconstruction.

Tales from Outer Suburbia *Tundra Books (NY)*

Breathtakingly illustrated and hauntingly

written, *Tales from Outer Suburbia* is by turns hilarious and poignant, perceptive and goofy. Through a series of captivating and sophisticated illustrated stories, Tan explores the precious strangeness of our existence. He gives us a portrait of modern suburban existence filtered through a wickedly Monty Pythonesque lens. Whether it's discovering that the world really does stop at the end of the city's map book, or a family's lesson in tolerance through an alien cultural exchange student, Tan's deft, sweet social satire brings us face-to-face with the humor and absurdity of modern life.

Dog

A beautifully poetic and gorgeously illustrated reflection on the relationship between dogs and humans. *Dog* is a stand-alone picture book of one of the most-loved stories from the bestselling and internationally acclaimed *Tales from the Inner City* by Shaun Tan, winner of the 2020 Kate Greenaway medal.

Blood Ties

As the Conquerors try to destroy Erdas, Meilin--fed up with waiting and ready to fight--sets off into enemy territory with her spirit animal, a panda named Jhi.

The Rabbits *Hachette UK*

'The rabbits came many grandparents ago. They built houses, made roads, had children. They cut down trees. A whole continent of rabbits...' *THE RABBITS* offers a rich and immensely valuable perspective on the effect of man on his environment. Visually loaded and told with a passion for truth and understanding, *THE RABBITS* aims to promote cultural awareness and a sense of caring for the natural world.

Stone Seeds

STONE SEEDS is a beautifully crafted dystopian action thriller. Its all too real characters must use every last ounce of their courage, ingenuity and flawed humanity to keep hope alive in a world gripped by fear.
