Turtles All the Way Down

Prerequisites to Personal Genius

Grinder Delozier & Assoc

Rich with humor and metaphors from other cultures and disciplines, Turtles develops the characteristics common to

the geniuses whose patterning formed the initial body of NLP techniques. You will learn how these skills are readily available for cultivating your own personal genius in a way that is respectful of the power of the unconscious. This book is the documentary, with added notes and stories, of Grinder/Delozier's five day seminar called "Prerequisites To Personal Genius." John Grinder and Judith Delozier get their participants to think about the structure of thinking; how our thought patterns become our beliefs about reality. The limitations of those thought patterns can be overcome, however, when a person is able to expand his/her perceptual filters and model "geniuses" -- this is the process which has been shown in the

lives of people such as Einstein, Milton Erickson, and Gregory Bateson. Throughout the book, the authors challenge you to reexamine the structures of your "mind" and the ways that all parts can be integrated in an internal dance.

The Magic of Terry Pratchett *White Owl*

An in-depth look into the life and writings of the bestselling author of the Discworld novels, *Good Omens*, and *Nation*. *The Magic of Terry Pratchett* is the first full biography of Sir Terry Pratchett ever written. work has been translated into thirty-seven languages, and performed as plays on every continent in the world, including Antarctica. Journalist, comedian and Pratchett fan Marc Burrows delves into the back story of one of UK's most enduring and beloved authors, from his childhood in the Chiltern Hills, to his time as a journalist, and the journey that would take him—via more than sixty best-selling books—to an OBE, a knighthood and national treasure status. *The Magic Of Terry Pratchett* is the result of painstaking archival research alongside interviews with friends and contemporaries who knew the real man under the famous black hat, helping to piece together the full story of one of British literature's most remarkable and

beloved figures for the very first time. * Now disqualified on both counts. Praise for The Magic of Terry Pratchett "In this encompassing biography of the prolific fantasy and science-fiction author, writer and comedian Burrows details both the writing accomplishments and the personal life of Sir Terry Pratchett. . . . Burrows spoke to friends and family, and this biography has moments of sadness, especially when discussing Pratchett's fight with Alzheimer's. But the book is also funny and conversational in tone, and an excellent tribute to a beloved author." —Booklist "Affable and consistently engaging . . . Burrow's buoyant, pun-peppered, and aptly footnote-flecked style . . . helpfully marries his subject matter, propelling us through decade after decade of a heavily

writing-centric life while illuminating Pratchett's complexities and contradictions without any drag in the tempo." —Locus Magazine "An impressively comprehensive, engagingly written biography. ****"—SFX

Lift as You Climb

The Story of Ella Baker *Simon and Schuster*

Learn about the civil rights activist Ella Baker in this inspiring picture book from Sibert Honor winner Patricia Hruby Powell and Caldecott Honor winner R. Gregory Christie. “What do you hope to accomplish?” asked Ella Baker’s granddaddy when she was still a child. Her mother provided the answer: “Lift as you climb.” Long before the civil rights movement of the 1950s and 60s, Ella Baker worked to lift others up by fighting racial injustice and empowering poor African Americans to stand up for their rights. Her dedication and grassroots work in many communities made her a valuable ally for leaders like Dr. Martin Luther King Jr., and she has been ranked as one of the most influential women in the civil rights movement. In the 1960s she worked to register voters and

organize sit-ins, and she became a teacher and mentor to many young activists. Caldecott Honor winner R. Gregory Christie's powerful pictures pair with Patricia Hruby Powell's poignant words to paint a vivid portrait of the fight for the freedom of the human spirit.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just

murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage

girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun

violence, as could only be told by Jason Reynolds.

Everything Happens for a Reason

And Other Lies I've Loved *Random House*

NEW YORK TIMES BESTSELLER • “A meditation on sense-making when there’s no sense to be made, on letting go when we can’t hold on, and on being unafraid even when we’re terrified.”—Lucy Kalanithi “Belongs on

the shelf alongside other terrific books about this difficult subject, like Paul Kalanithi’s *When Breath Becomes Air* and Atul Gawande’s *Being Mortal*.”—Bill Gates NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE Kate Bowler is a professor at Duke Divinity School with a modest Christian upbringing, but she specializes in the study of the prosperity gospel, a creed that sees fortune as a blessing from God and misfortune as a mark of God’s disapproval. At thirty-five, everything in her life seems to point toward “blessing.” She is thriving in her job, married to her high school sweetheart, and loves life with her newborn son. Then she is diagnosed with stage IV colon cancer. The prospect of her own mortality forces Kate to realize that she

has been tacitly subscribing to the prosperity gospel, living with the conviction that she can control the shape of her life with “a surge of determination.” Even as this type of Christianity celebrates the American can-do spirit, it implies that if you “can’t do” and succumb to illness or misfortune, you are a failure. Kate is very sick, and no amount of positive thinking will shrink her tumors. What does it mean to die, she wonders, in a society that insists everything happens for a reason? Kate is stripped of this certainty only to discover that without it, life is hard but beautiful in a way it never has been before. Frank and funny, dark and wise, Kate Bowler pulls the reader deeply into her life in an account she populates affectionately with a colorful,

often hilarious retinue of friends, mega-church preachers, relatives, and doctors. Everything Happens for a Reason tells her story, offering up her irreverent, hard-won observations on dying and the ways it has taught her to live. Praise for Everything Happens for a Reason “I fell hard and fast for Kate Bowler. Her writing is naked, elegant, and gripping—she’s like a Christian Joan Didion. I left Kate’s story feeling more present, more grateful, and a hell of a lot less alone. And what else is art for?”—Glennon Doyle, #1 New York Times bestselling author of Love Warrior and president of Together Rising

An Absolutely Remarkable Thing

A Novel *Penguin*

THE INSTANT #1 NEW YORK TIMES BESTSELLER “Sparkling with mystery, humor and the uncanny, this is a fun read. But beneath its effervescent tone, more complex themes are at play.” —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she's part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May

stumbles across a giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to

figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, *An Absolutely Remarkable Thing* grapples with big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful novel of now.

Big Wonderful Thing

A History of Texas *University of Texas Press*

The story of Texas is the story of struggle and triumph in a land of extremes. It is a story of drought and flood, invasion and war, boom and bust, and of the myriad peoples who, over centuries of conflict, gave rise to a place that has helped shape the identity of the United States and the destiny of the world. “I couldn’t believe Texas was real,” the painter Georgia O’Keeffe remembered of her first encounter with the Lone Star State. It was, for her, “the

same big wonderful thing that oceans and the highest mountains are.” Big Wonderful Thing invites us to walk in the footsteps of ancient as well as modern people along the path of Texas’s evolution. Blending action and atmosphere with impeccable research, New York Times best-selling author Stephen Harrigan brings to life with novelistic immediacy the generations of driven men and women who shaped Texas, including Spanish explorers, American filibusters, Comanche warriors, wildcatters, Tejano activists, and spellbinding artists—all of them taking their part in the creation of a place that became not just a nation, not just a state, but an indelible idea. Written in fast-paced prose, rich with personal observation and a passionate sense of

place, *Big Wonderful Thing* calls to mind the literary spirit of Robert Hughes writing about Australia or Shelby Foote about the Civil War. Like those volumes it is a big book about a big subject, a book that dares to tell the whole glorious, gruesome, epically sprawling story of Texas.

Eat Your Heart Out *Penguin*

Shaun of the Dead meets Dumplin' in this biting funny YA thriller about a kickass group of teens battling a ravenous group of zombies. In the next few hours, one of three things will happen. 1--We'll be rescued (unlikely) 2--We'll freeze to death (maybe) 3--We'll be eaten by thin and athletic zombies (odds: excellent) Vivian Ellenshaw is fat, but she knows she doesn't need to lose

weight, so she's none too happy to find herself forced into a weight-loss camp's van with her ex-best friend, Allie, a meathead jock who can barely drive, and the camp owner's snobby son. And when they arrive at Camp Featherlite at the start of the worst blizzard in the history of Flagstaff, Arizona, it's clear that something isn't right. Vee barely has a chance to meet the other members of her pod, all who seem as unhappy to be at Featherlite as she does, when a camper goes missing down by the lake. Then she spots something horrifying outside in the snow. Something...that isn't human. Plus, the camp's supposed "miracle cure" for obesity just seems fishy, and Vee and her fellow campers know they don't need to be cured. Of anything. Even worse, it's not long

before Camp Featherlite's luxurious bungalows are totally overrun with zombies. What starts out as a mission to unravel the camp's secrets turns into a desperate fight for survival--and not all of the Featherlite campers will make it out alive. A satirical blend of horror, body positivity, and humor, Kelly deVos's witty, biting novel proves that everyone deserves to feel validated, and taking down the evil enterprise determined to dehumanize you is a good place to start.

But when she arrives to gorgeous Santorini, things are a little...awkward. There are so many questions, so many emotions that flood to the surface after seeing her father for the first time in years. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain

cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison’s descent and ultimately hopeful climb out of the depths.
