This book, *Like Life*, was Lorrie Moore's second short story collection. Her first collection, *Self-Help*, was brave, you could really get the inside of a life in that one, and the stories there were written

mostly in the second person, which spawned a generation of copycats. I love Moore, but *Like Life* feels like a sophomore slump. All the stories, written in the third person, have a vague theme of late-80s/90s suburban loneliness (very of its time, for better and worse).
