Steaming

Steaming is a method of cooking using steam. This is often done with a food steamer, a kitchen appliance made specifically to cook food with steam, but food can also be steamed in a wok. In the American southwest, steam pits used for cooking have been found dating back about 5,000 years. Steaming is considered a healthy cooking technique that can be used for many kinds of food.

Steaming (1985) - IMDb

Steaming is a moist-heat method of cooking that works by boiling water which vaporizes into steam; it is the steam that carries heat to the food, cooking it. Unlike boiling food submerged in water, with steaming the food is kept separate from the boiling water but comes into direct contact with the hot steam.
