What is strategic outsourcing? - Quora

To many people, outsourcing is a frightening proposition. Yet this new business model, which has been adopted worldwide across both the private and the public sectors, provides multiple benefits. It enables an organization to achieve business objectives, add value, tap into a resource base and mitigate risk.

Why is outsourcing a good business

strategy?

Using outsourcing as a management tool, moves the organisation away from vertical integration and self-sufficiency towards a business structure that allows for more focused investments in areas that offer competitive advantages. Contrary to using outsourcing as a strategic tool, it primarily resides at the business process level.

Which business outsourcing approach is the best for your ...

IT is central to business initiatives such as reengineering, knowledge management, the creation of electronic channels of distribution, and the development of digital business strategies. 3 Why are companies outsourcing the activities of their IS departments at such an unprecedented rate when IT has never been more critical to business success?

Strategic Intent for IT Outsourcing - MIT Sloan Management ...

"Outsourcing makes sense where it adds value and frees up in-house HR to concentrate on what it does best. I look to outsource the staff I regard as transactional because, first, the work can be done mechanistically and, second, you can apply a standard across many different countries and know that it will be met because of the service-level agreement."
