lets review biology - mungano.don-simmonds.co.uk

It is a regents review book so there isn't much to say. I purchased
this for my son who is taking the NYS Living Environment exam
this year. He seems to spend more time using the review sites on
his laptop rather than what is in this book. I guess that is a sign of
the times. I looked over the book and it does have great sections

that briefly explain the material covered on the exam. There are ...
