Achieving High Quality Care is a helpful guide for busy health care professionals wanting to improve services and patient care. It is relevant to everyone involved in the organisation and provision of quality health care, including clinicians and health care managers, who are trying to lead change and improve care through implementing evidence-based guidance.

**Achieving High
Quality Care | Wiley
Online Books**

High-quality guidance, such as that developed by National Institute for Health and Care Excellence (NICE), follows international standards for guideline development including

a rigorous assessment of the literature informed by the views of clinicians and patients. Putting evidence-based guidance into practice, however, can be challenging.

**Introduction -
Achieving High
Quality Care - Wiley
Online ...**

A useful framework for defining quality improvement for health care providers is presented. Most of the chapter is then devoted to practical advice for health care providers gleaned from experience of working with a range of organisations and individuals over the last 5 years, including a case study from a hospital.
