He opts instead for the resurgence of action research, which is fundamentally different from the classic approach of defining variables and generating, through hypotheses and tests, explanations for why people

Action Research - repository.umpwr.ac.id:8080

e Action research is a philosophy and methodology of research generally

applied in the social sciences. It seeks transformative change through the simultaneous process of taking action and doing research, which are linked together by critical reflection. Kurt Lewin, then a professor at MIT, first coined the term "action research" in

1944.

Action research - Wikipedia

Action Research is an invaluable guide to novice researchers from a diversity of disciplines, backgrounds, and levels of study for understanding how action research works in real-life contexts.
