The International 584 tractor replaced the 574. An increase in governed rpm from 2200 to 2300 compensated for the reduced displacement of the D-206 engine so that the pto hp remained the same. The 584 continued to use the 8-speed syncromesh transmission. The 584 was built in the following versions described more fully in separate articles:

Case IH 584 (84 Series) parts | UK branded tractor spares

Because the 584 was a “world” tractor, it had features like rear lights, which were not required in the U.S. The 584 used an 8-speed gearbox; four speeds in the main box with a 2-speed range box. It didn’t have a TA (Torque Amplifier, aka “Torque”). It came as a fixed-track Utility or as a Rowcrop with an adjustable track.

The International 584 4WD was built in the Doncaster, England factory. Also built in England, the Case 1290 closely matched the size and power of the International but was priced higher. The upgraded Case 1294 had slightly more power from a larger engine and more forward speeds and cost over \$4000 more than the International in 1984.
