Environmental Chemistry Baird 4th Edition

Great book! Everything you could hope for in an environmental chemistry text. I truly enjoy just reading it - a lot of history in this book on the development of the environmental science and historical environmental events and their impact on public health, resulting research and public policy.

Colin Baird Solutions | Chegg.com

This textbook is geared to an audience that has only completed

general chemistry. Many examples of complicated material, explained in easy-to-understand language, are sprinkled throughout the book. The authors do a thorough, nonjudgmental job of explaining how humans impact the environment and what steps if any have been taken to remedy problems.

Solutions Manual for Environmental Chemistry by Colin Baird

Environmental Chemistry is concerned with reactions in the
environment. It is about distribution and equilibria between
environmental compartments. It is about reactions, pathways,
thermodynamics and kinetics. An important purpose of this

Handbook, is to aid understanding of the basic distribution
