Managing with power: Politics and influence in organizations

### **(PDF) Managing with power: Politics and influence in ...**

Power (and politics) is probably the most important topic in

project management but at the same time one of the least discussed subjects. Power, in the engineering sense, is defined as the ability to do work. In the social sense, power is the ability to get others to do the work (or actions) you want regardless of their desires.

### **Power and politics in project management**

Managing with Power provides an in-depth look at the role of power and influence in organizations. Power is often disparaged, yet Pfeffer shows convincingly that its effective use is an essential component of strong leadership.

### **Managing with power : politics and influence in ...**

Power and politics in organizations are a reality that no organization can ignore. Though the evolution of the modern corporation and the concomitant rise of the managerial class with a professional way of running the firms is touted to be one of the contributory factors for the decline on power politics in organizations, one cannot just simply say that there are no power centers or people with vested interests even in the most professionally run and managed firms.
