This 59-page book of seminar notes was handed out at our "From Start to Finish: Model, Design and Optimized a Multi-Story Concrete Structure using ETABS" seminar. The book contains the example of a concrete structure included in the presentation. Starting with a .DXF import of an architectural grid, the manual finishes with the creation of output reports for submittal. In these seminar notes, you will find descriptions, computer model definitions, and results for each of these examples. Manual:
