7 Ways the Printing Press Changed the World - HISTORY

Printing, traditionally, a technique for applying under pressure a certain quantity of colouring agent onto a specified surface to form a body of text or an illustration. Certain modern processes for reproducing texts and illustrations, however, are no longer dependent on the mechanical concept of pressure or even on the material concept of colouring agent.

One of the distinguishing characteristics of this type of printing is that the dried ink impression stands up from the paper in very slight relief, perceptible by touching with the fingers or by close inspection. In all

intaglio prints, except mezzotint, the design is produced from ink in lines or areas below the surface of the plate.

Printmaking Techniques, Defined and Explained in Plain English

Printing - Printing - History of printing: By the end of the 2nd century ce, the Chinese apparently had discovered printing; certainly they then had at their disposal the three elements necessary for printing: (1) paper, the techniques for the manufacture of which they had known for several decades; (2) ink, whose basic formula they had known for 25 centuries; and (3) surfaces bearing texts ...
