ABOUT — THE STROLOGY

Hellenistic astrology is apparently experiencing a revival. Writing for The Mountain Astrologer, Eric Frances made the observation when reporting on NCGR: An Offline Gathering of Astrologers that “It’s always struck me as interesting that most of the astrologers under age 30 are drawn to Hellenistic techniques and the deeper historical traditions rather than the new planets — but that seems to be the trend.”

Hellenistic astrology is a tradition of horoscopic astrology that was developed and practiced in the late Hellenistic period in and around the Mediterranean region, especially in Egypt. The texts and technical terminology of this tradition of astrology were largely written in Greek.

The tradition originated sometime around the late 2nd or early 1st century BCE, and then was practiced until the 6th or 7th century CE. This type of astrology is commonly referred to as "Hellenistic astrology" because

Hellenistic astrology - Wikipedia

Hellenistic astrology is a kind of astrology that is widely regarded as the original astrology and it appeared sometime after Alexander the Great conquered Egypt in 332 B.C.E. and sometime before the beginning of the Christian era. It is impossible to pinpoint more exactly the period in which the original astrology appeared, but it is widely believed that the writings that constituted the original Hellenistic astrological material were composed

somewhere in the second century before the ...
