Angela Davis--an Autobiography *International Pub*

The political activist reflects upon the people and incidents that have influenced her life and commitment to global liberation of the oppressed

Angela Davis

An Autobiography *Haymarket Books*

Angela Davis has been a political activist at the cutting edge of the Black Liberation, feminist, queer, and prison abolitionist movements for more than 50 years. First published and edited by Toni Morrison in 1974, *An Autobiography* is a powerful and commanding account of her early years in struggle. Davis describes her journey from a childhood on Dynamite Hill in Birmingham, Alabama, to one of the most significant political trials of the century: from her political activity in a New York high school to her work with the U.S. Communist Party, the Black Panther Party, and the Soledad Brothers; and from the faculty of the Philosophy Department at UCLA to the FBI's list of the Ten Most Wanted Fugitives. Told with warmth, brilliance, humor and conviction, Angela Davis's autobiography is a classic account of a life in struggle with echoes in our own time.

Angela Davis--an Autobiography

The political activist reflects upon the people and incidents that have influenced her life and commitment to global liberation of the oppressed.

Women, Race, & Class *Vintage*

From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times *Angela Davis* provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework

and child care in this bold and indispensable work.

Assata

An Autobiography *Zed Books Ltd.*

'Deftly written...a spellbinding tale.' The New York Times In 2013 Assata Shakur, founding member of the Black Liberation Army, former Black Panther and godmother of Tupac Shakur, became the first ever woman to make the FBI's most wanted terrorist list. Assata Shakur's trial and conviction for the murder of a white state trooper in the spring of 1973 divided America. Her case quickly became emblematic of race relations and police brutality in the USA. While Assata's detractors continue to label her a ruthless killer, her defenders cite her as the victim of a systematic, racist campaign to criminalize and suppress black nationalist organizations. This intensely personal and political autobiography reveals a sensitive and gifted woman. With wit and candour Assata recounts the formative experiences that led her to embrace a life of activism. With pained awareness she portrays the strengths, weaknesses and eventual demise of black and white revolutionary groups at the hands of the state. A major contribution to the history of black liberation, destined to take its place alongside The Autobiography of Malcolm X and the works of Maya Angelou.

Women, Culture & Politics *Vintage*

A collection of speeches and writings by political activist Angela Davis which address the political and social changes of the past decade as they are concerned with the struggle for racial, sexual,

and economic equality.

Abolition. Feminism. Now. *Haymarket Books*

Abolition. Feminism. Now. is a celebration of freedom work, a movement genealogy, a call to action, and a challenge to those who think of abolition and feminism as separate—even incompatible—political projects. In this remarkable collaborative work, leading scholar-activists Angela Y. Davis, Gina Dent, Erica R. Meiners, and Beth E. Richie surface the often unrecognized genealogies of queer, anti-capitalist, internationalist, grassroots, and women-of-color-led feminist movements, struggles, and organizations that have helped to define abolition and feminism in the twenty-first century. This pathbreaking book also features illustrations documenting the work of grassroots organizers embodying abolitionist feminist practice. Amplifying the analysis and the theories of change generated out of vibrant community based organizing, Abolition. Feminism. Now. highlights necessary historical linkages, key internationalist learnings, and everyday practices to imagine a future where we can all thrive.

If They Come in the Morning...

Voices of Resistance *Verso Books*

With race and the police once more burning issues, this classic work from one of America's giants of black radicalism has lost none of its prescience or power One of America's most historic political trials is undoubtedly that of Angela Davis. Opening with a letter from James Baldwin to Davis, and including contributions from numerous radicals such as Black Panthers George Jackson,

Huey P. Newton, Bobby Seale and Erica Huggins, this book is not only an account of Davis's incarceration and the struggles surrounding it, but also perhaps the most comprehensive and thorough analysis of the prison system of the United State. Since the book was written, the carceral system in the US has seen unprecedented growth, with more of America's black population behind bars than ever before. The scathing analysis of the role of prison and the policing of black populations offered by Davis and her comrades in this astonishing volume remains as pertinent today as the day it was first published. Featuring contributions from George Jackson, Bettina Aptheker, Bobby Seale, James Baldwin, Ruchell Magee, Julian Bond, Huey P. Newton, Erika Huggins, Fleeta Drumgo, John Clutchette, and others.

Freedom Is a Constant Struggle

Ferguson, Palestine, and the Foundations of a Movement

In this collection of essays, interviews, and speeches, the renowned activist examines today's issues—from Black Lives Matter to prison abolition and more. Activist and scholar Angela Y. Now, the iconic author of *Women, Race, and Class* offers her latest insights into the struggles against state violence and oppression throughout history and around the world. She highlights

connections and analyzes today's struggles against state terror, from Ferguson to Palestine. Facing a world of outrageous injustice, Davis challenges us to imagine and build a movement for human liberation. And in doing so, she reminds us that "freedom is a constant struggle." Angela Davis

An Autobiography

Angela Davis

Seize the Time! Hirmer Verlag GmbH

"Beginning in 1970 with her arrest in connection with a courtroom shootout, then moving through her trial and acquittal, the book traces Davis's life and work during the subsequent decades and her influential career as a public intellectual. Profusely illustrated with materials found in the archive, including press coverage, photographs, court sketches, videos, music, writings, correspondence, and Davis's political writings, the book also features interviews with Angela Davis and Lisbet Tellefsen, the archivist who collected those materials"--

Conversations with Angela Davis Univ. Press of Mississippi

When Angela Davis (b. 1944) was placed on the FBI's Ten Most Wanted list in 1970 and after she successfully gained acquittal in the 1972 trial that garnered national and international attention,

she became one of the most recognizable and iconic figures in the twentieth century. An outspoken advocate for the oppressed and exploited, she has written extensively about the intersections between race, class, and gender; Black liberation; and the US prison system. *Conversations with Angela Davis* seeks to explore Davis's role as an educator, scholar, and activist who continues to engage in important and significant social justice work. Featuring seventeen interviews ranging from the 1970s to the present day, the volume chronicles Davis's life and her involvement with and influence on important and significant historical and cultural events. Davis comments on a range of topics relevant to social, economic, and political issues from national and international contexts, and taken together, the interviews explore how her views have evolved over the past several decades. The volume provides insight on Davis's relationships with such organizations as the Student Nonviolent Coordinating Committee, the Communist Party, the Green Party, and Critical Resistance, and how Davis has fought for racial, gender, and social and economic equality in the US and abroad. *Conversations with Angela Davis* also addresses her ongoing work in the prison abolition movement.

The Angela Y. Davis Reader *Wiley-Blackwell*

For three decades, Angela Y. Davis has written on liberation theory and democratic praxis. Challenging the foundations of mainstream discourse, her analyses of culture, gender, capital, and race have profoundly influenced democratic theory, antiracist feminism, critical studies and political struggles. Even for readers who primarily know her as a revolutionary of the late

1960s and early 1970s (or as a political icon for militant activism) she has greatly expanded the scope and range of social philosophy and political theory. Expanding critical theory, contemporary progressive theorists - engaged in justice struggles - will find their thought influenced by the liberation praxis of Angela Y. Davis. The *Angela Y. Davis Reader* presents eighteen essays from her writings and interviews which have appeared in *If They Come in the Morning*, *Women, Race, and Class*, *Women, Culture, and Politics*, and *Black Women and the Blues* as well as articles published in women's, ethnic/black studies and communist journals, and cultural studies anthologies. In four parts - "Prisons, Repression, and Resistance", "Marxism, Anti-Racism, and Feminism", "Aesthetics and Culture", and recent interviews - Davis examines revolutionary politics and intellectualism. Davis's discourse chronicles progressive political movements and social philosophy. It is essential reading for anyone interested in contemporary political philosophy, critical race theory, social theory, ethnic studies, American studies, African American studies, cultural theory, feminist philosophy, gender studies.

Are Prisons Obsolete? *Seven Stories Press*

With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest

illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

My People Are Rising

Memoir of a Black Panther Party Captain *Haymarket Books*

The founder of the Black Panther Party's Seattle chapter recounts his life on the frontlines of the Black Power Revolution. Growing up in Seattle in the 1960s, Aaron Dixon dedicated himself to the Civil Rights movement at an early age. As a teenager, he joined Martin Luther King on marches to end housing discrimination and volunteered to help integrate schools. After King's assassination in 1968, Dixon continued his activism by starting the Seattle chapter of the Black Panther Party at the age of nineteen. In *My People Are Rising*, Dixon offers a candid account of life in the Black Panther Party. Through his eyes, we see the courage of a generation that stood up to injustice, their political triumphs and tragedies, and the unforgettable legacy of Black Power. "This

book is a moving memoir experience: a must read. The dramatic life cycle rise of a youthful sixties political revolutionary, my friend Aaron Dixon." —Bobby Seale, founding chairman and national organizer of the Black Panther Party, 1966 to 1974

When They Call You a Terrorist (Young Adult Edition)

A Story of Black Lives Matter and the Power to Change the World *Wednesday Books*

Patrisse Khan-Cullors' and asha bandele's instant New York Times bestseller, *When They Call You a Terrorist* is now adapted for the YA audience with photos and journal entries! A movement that started with a hashtag--#BlackLivesMatter--on Twitter spread across the nation and then across the world. From one of the co-founders of the Black Lives Matter movement comes a poetic memoir and reflection on humanity. Necessary and timely, Patrisse Khan-Cullors' story asks us to remember that protest in the interest of the most vulnerable comes from love. Leaders of the Black Lives Matter movement have been called terrorists, a threat to America. But in truth, they are loving women whose life experiences have led them to seek justice for those victimized by the powerful. In this meaningful, empowering account of survival, strength, and resilience, Cullors and asha bandele seek to change the culture that declares innocent black life expendable.

Visionary Women Writers of Chicago's Black Arts Movement *Univ. Press of Mississippi*

Josephine Herbst *Little Brown & Company*

Chronicles the turbulent private life of one of the most important woman novelists and journalists of the 1930s, a life that was often overshadowed by her radical public profile

Blues Legacies and Black Feminism

Gertrude Ma Rainey, Bessie Smith, and Billie Holiday
Vintage

From one of this country's most important intellectuals comes a brilliant analysis of the blues tradition that examines the careers of three crucial black women blues singers through a feminist lens. Angela Davis provides the historical, social, and political contexts with which to reinterpret the performances and lyrics of Gertrude "Ma" Rainey, Bessie Smith, and Billie Holiday as powerful articulations of an alternative consciousness profoundly at odds with mainstream American culture. The works of Rainey, Smith, and Holiday have been largely misunderstood by critics. Overlooked, Davis shows, has been the way their candor and bravado laid the groundwork for an aesthetic that allowed for the celebration of social, moral, and sexual values outside the constraints imposed by middle-class respectability. Through meticulous transcriptions of all the extant lyrics of Rainey and Smith—published here in their entirety for the first time—Davis demonstrates how the roots of the blues extend beyond a musical tradition to serve as a consciousness-raising vehicle for American social memory. A stunning, indispensable contribution to American history, as boldly insightful as the women Davis praises, *Blues Legacies and Black Feminism* is a triumph.

The Meaning of Mariah Carey
Andy Cohen Books

The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter, producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in *The Meaning of Mariah Carey* It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is

that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah

The Prison Industrial Complex *A K Press Distribution*

Ex Black Panther and now a leading academic dissident, Angela Davis has long been at the fore of the fight against the expansion of prisons. In this recent talk she reviews the background for the current prison building binge, the effects of mass incarceration on communities of colour, and particularly women of colour who are now one of the fastest growing segments of the US prison population. she also offers a personal view of her own time in prison and the imprisonment of others close to her. Double compact disc.

The Meaning of Freedom

And Other Difficult Dialogues *City Lights Publishers*

What is the meaning of freedom? Angela Y. Davis' life and work have been dedicated to examining this fundamental question and to ending all forms of oppression that deny people their political, cultural, and sexual freedom. In this collection of twelve searing, previously unpublished speeches, Davis confronts the interconnected issues of power, race, gender, class, incarceration, conservatism, and the ongoing need for social change in the United States. With her characteristic brilliance, historical insight, and penetrating analysis, Davis addresses examples of institutional injustice and explores the radical notion of freedom as a collective striving for real democracy - not something granted or guaranteed through laws, proclamations,

or policies, but something that grows from a participatory social process that demands new ways of thinking and being. "The speeches gathered together here are timely and timeless," writes Robin D.G. Kelley in the foreword, "they embody Angela Davis' uniquely radical vision of the society we need to build, and the path to get there." The Meaning of Freedom articulates a bold vision of the society we need to build and the path to get there. This is her only book of speeches. "Davis' arguments for justice are formidable. . . . The power of her historical insights and the sweetness of her dream cannot be denied."—The New York Times "One of America's last truly fearless public intellectuals." —Cynthia McKinney, former US Congresswoman "Angela Davis offers a cartography of engagement in oppositional social movements and unwavering commitment to justice." —Chandra Talpade Mohanty, Women's Studies, Hamilton College "Angela Davis deserves credit, not just for the dignity and courage with which she has lived her life, but also for raising important critiques of a for-profit penitentiary system decades before those arguments gained purchase in the mainstream." —Thomas Chatterton Williams, SFGate "Angela Davis's revolutionary spirit is still strong. Still with us, thank goodness!" —Virginian-Pilot "Long before 'race/gender' became the obligatory injunction it is now, Angela Davis was developing an analytical framework that brought all of these factors into play. For readers who only see Angela Davis as a public icon . . . meet the real Angela Davis: perhaps the leading public intellectual of our era." —Robin D. G. Kelley author of *Thelonious Monk: The Life and Times of an American Original* "There was a time in America when to call a person an 'abolitionist' was the ultimate epithet. It evoked scorn

in the North and outrage in the South. Yet they were the harbingers of things to come. They were on the right side of history. Prof. Angela Y. Davis stands in that proud, radical tradition." —Mumia Abu-Jamal, author of *Jailhouse Lawyers: Prisoners Defending Prisoners v. the U.S.A.* "Behold the heart and mind of Angela Davis, open, relentless, and on time!" —June Jordan "Political activist, scholar, and author Angela Davis confronts the interconnected issues of power, race, gender, class, incarceration, conservatism, and the ongoing need for social change in the U.S. in her book, *The Meaning of Freedom: And Other Difficult Dialogues*." —Travis Smiley Radio Angela Y. Davis is professor emerita at the University of California and author of numerous books. She is a much sought after public speaker and an internationally known advocate for social justice. Robin D.G. Kelley is the author of many books and a professor at the University of Southern California.

We Do This 'Til We Free Us

Abolitionist Organizing and Transforming Justice *Haymarket Books*

New York Times Bestseller "Organizing is both science and art. It is thinking through a vision, a strategy, and then figuring out who your targets are, always being concerned about power, always being concerned about how you're going to actually build power in order to be able to push your issues, in order to be able to get the target to actually move in the way that you want to." What if social transformation and liberation isn't about waiting for someone else to come along and save us? What if ordinary

people have the power to collectively free ourselves? In this timely collection of essays and interviews, Mariame Kaba reflects on the deep work of abolition and transformative political struggle. With a foreword by Naomi Murakawa and chapters on seeking justice beyond the punishment system, transforming how we deal with harm and accountability, and finding hope in collective struggle for abolition, Kaba's work is deeply rooted in the relentless belief that we can fundamentally change the world. As Kaba writes, "Nothing that we do that is worthwhile is done alone."

Lorraine Hansberry: The Life Behind A Raisin in the Sun *Henry Holt and Company*

The moving story of the life of the woman behind *A Raisin in the Sun*, the most widely anthologized, read, and performed play of the American stage, by the New York Times bestselling author of *Mockingbird: A Portrait of Harper Lee* Written when she was just twenty-eight, Lorraine Hansberry's landmark *A Raisin in the Sun* is listed by the National Theatre as one of the hundred most significant works of the twentieth century. Hansberry was the first Black woman to have a play performed on Broadway, and the first Black and youngest American playwright to win a New York Critics' Circle Award. Charles J. Shields's authoritative biography of one of the twentieth century's most admired playwrights examines the parts of Lorraine Hansberry's life that have escaped public knowledge: the influence of her upper-class background, her fight for peace and nuclear disarmament, the reason why she embraced Communism during the Cold War, and her dependence on her white husband—her best friend, critic, and promoter. Many

of the identity issues about class, sexuality, and race that she struggled with are relevant and urgent today. This dramatic telling of a passionate life—a very American life through self-reinvention—uses previously unpublished interviews with close friends in politics and theater, privately held correspondence, and deep research to reconcile old mysteries and raise new questions about a life not fully described until now.

Class Struggle Unionism

An essential primer for rebuilding a militant labor movement centered on solidarity with all workers.

Read Until You Understand: The Profound Wisdom of Black Life and Literature *W. W. Norton & Company*

A brilliant scholar imparts the lessons bequeathed by the Black community and its remarkable artists and thinkers. Farah Jasmine Griffin has taken to her heart the phrase "read until you understand," a line her father, who died when she was nine, wrote in a note to her. She has made it central to this book about love of the majestic power of words and love of the magnificence of Black life. Griffin has spent years rooted in the culture of Black genius and the legacy of books that her father left her. A beloved professor, she has devoted herself to passing these works and their wisdom on to generations of students. Here, she shares a lifetime of discoveries: the ideas that inspired the stunning oratory of Frederick Douglass and Malcolm X, the soulful music of Marvin Gaye and Stevie Wonder, the daring literature of Phillis Wheatley and Toni Morrison, the inventive artistry of Romare Bearden, and many more. Exploring these works through such

themes as justice, rage, self-determination, beauty, joy, and mercy allows her to move from her aunt's love of yellow roses to Gil Scott-Heron's "Winter in America." Griffin entwines memoir, history, and art while she keeps her finger on the pulse of the present, asking us to grapple with the continuing struggle for Black freedom and the ongoing project that is American democracy. She challenges us to reckon with our commitment to all the nation's inhabitants and our responsibilities to all humanity.

From #BlackLivesMatter to Black Liberation *Haymarket Books*

The author of *Race for Profit* carries out "[a] searching examination of the social, political and economic dimensions of the prevailing racial order" (Michelle Alexander, author of *The New Jim Crow*). In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor "not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip" (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass

incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black liberation. "This brilliant book is the best analysis we have of the #BlackLivesMatter moment of the long struggle for freedom in America. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation." —Dr. Cornel West, author of *Race Matters* "A must read for everyone who is serious about the ongoing praxis of freedom." —Barbara Ransby, author of *Ella Baker and the Black Freedom Movement* "[A] penetrating, vital analysis of race and class at this critical moment in America's racial history." —Gary Younge, author of *The Speech: The Story Behind Dr. Martin Luther King Jr.'s Dream*

1 Million Roses for Angela Davis *Mousse Publishing*

A multidisciplinary appreciation of Angela Davis' years in the GDR "A Million Roses for Angela Davis" was the motto of a 1970-72 campaign in East Germany in support of US philosopher, communist and Black Power revolutionary Angela Davis, who at the time was being held on terrorism charges in California. The large-scale movement firmly anchored the "heroine of the other America" within the cultural memory of a now-vanished social utopia, which, after her acquittal, welcomed her as a state guest. For her part, Davis had hoped for an internationalist movement promoting a socialist, feminist, non-racist democracy. This moment of hope provides the historical starting point for this volume. It features archival materials, historical portraits of Davis by state painters of the GDR, new commissions and other works

by contemporary artists focusing on the issues that Davis campaigned for. Texts explore how Davis' iconic image came to be inscribed within a global history of resistance, and introduce all of the participating artists.

Policing the Black Man

Arrest, Prosecution, and Imprisonment *Vintage*

A comprehensive, readable analysis of the key issues of the Black Lives Matter movement, this thought-provoking and compelling anthology features essays by some of the nation's most influential and respected criminal justice experts and legal scholars. "Somewhere among the anger, mourning and malice that Policing the Black Man documents lies the pursuit of justice. This powerful book demands our fierce attention." —Toni Morrison Policing the Black Man explores and critiques the many ways the criminal justice system impacts the lives of African American boys and men at every stage of the criminal process, from arrest through sentencing. Essays range from an explication of the historical roots of racism in the criminal justice system to an examination of modern-day police killings of unarmed black men. The contributors discuss and explain racial profiling, the power and discretion of police and prosecutors, the role of implicit bias, the racial impact of police and prosecutorial decisions, the disproportionate imprisonment of black men, the collateral consequences of mass incarceration, and the Supreme Court's failure to provide meaningful remedies for the injustices in the criminal justice system. Policing the Black Man is an enlightening must-read for anyone interested in the critical issues

of race and justice in America.

How We Get Free

Black Feminism and the Combahee River Collective

Haymarket Books

Black feminists remind us “that America’s destiny is inseparable from how it treats [black women] and the nation ignores this truth at its peril” (The New York Review of Books). Winner of the 2018 Lambda Literary Award for LGBTQ Nonfiction “If Black women were free, it would mean that everyone else would have to be free.” —Combahee River Collective Statement The Combahee River Collective, a path-breaking group of radical black feminists, was one of the most important organizations to develop out of the antiracist and women’s liberation movements of the 1960s and 70s. In this collection of essays and interviews edited by activist-scholar Keeanga-Yamahatta Taylor, founding members of the organization and contemporary activists reflect on the legacy of its contributions to Black feminism and its impact on today’s struggles. “A striking collection that should be immediately added to the Black feminist canon.” —Bitch Media “An essential book for any feminist library.” —Library Journal “As white feminism has gained an increasing amount of coverage, there are still questions as to how black and brown women’s needs are being addressed. This book, through a collection of interviews with prominent black feminists, provides some answers.” —The Independent “For feminists of all kinds, astute scholars, or anyone with a passion for social justice, How We Get Free is an invaluable work.” —Ethnic and Racial Studies Journal

Angela Davis; with My Mind on Freedom

An Autobiography

The Marauders

Standing Up to Vigilantes in the American Borderlands

Melville House

“The Marauders is a blistering book, a hard-ass stare into the voracious mouth of the US-Mexico border. Patrick Strickland has done a fine piece of reporting from places we don’t dare to tread.” — Luis Alberto Urrea, author of The Devil’s Highway This real-life Western tells the story of how citizens in a small Arizona border town stood up to anti-immigrant militias and vigilantes. The Marauders uncovers the riveting nonfiction saga of far-right militias terrorizing the border towns of southern Arizona. In one of the towns profiled, Arivaca, rogue militia members killed a man and his nine-year-old daughter in 2009. In response, the residents organized and spent two years trying to push the new militias out through boycotts and by urging local businesses to ban them. The militias and vigilante groups again raised the stakes, spreading Pizzagate-style conspiracy theories alleging that town residents were complicit in child sex trafficking, prompting fears of vigilante violence. The Marauders flips the standard formula most often applied to stories about immigration and the far right. Too often those stories are told from the perspective of the ones committing the violence. While Strickland doesn’t shy away from exploring those dark themes, the far right are not the protagonists of the book. Rather, the people targeted

by hate groups, and the individuals who rose up to stop them in their tracks, are the heroes of this dramatic story.

Psyche Unbound

Essays in Honor of Stanislav Grof *Multidisciplinary Association for Psychedelic Studies*

A FESTSCHRIFT FOR STANISLAV GROF *Psyche Unbound: Essays in Honor of Stanislav Grof* is an extraordinary compilation of twenty-two essays that honor the pathbreaking lifework of Stanislav Grof, the world's leading researcher in psychedelic therapy, breathwork, and the exploration of non-ordinary states of consciousness. In honor of Grof's 90th birthday this year, the contributions range over the past half century - beginning exactly fifty years ago with Joseph Campbell's remarkable 1971 lecture in the Great Hall at Cooper Union setting forth the importance of Grof's findings, and Huston Smith's 1976 summary of their significance for the study of religion and mysticism, all the way through to the 2021 reflections by psychiatrists and researchers Charles Grob and Michael Mithoefer as part of the current renaissance of psychedelic therapy. In between are major essays that forward Grof's work on numerous fronts, both theoretical and therapeutic: transpersonal sexual experiences (Jenny Wade), implications for social and cultural change (William Keepin), comparative studies with Asian religious systems (Thomas Purton), the perinatal dimensions of Jean-Paul Sartre's transformational 1935 mescaline experience (Thomas Riedlinger), and parallel findings from quantum and relativistic physics (Fritjof Capra). Grof is one of the founders of

transpersonal psychology and is recognized by many as having both inherited and extended the great revolution in psychology begun by Freud and Jung. His investigations of the nature and healing potential of non-ordinary states of consciousness led him to propose a model of the psyche which honors the full range of human experience. Unconstrained by the dogmatic prejudices of mainstream psychology and of the dominant - reductive, mechanistic, and materialistic - scientific paradigm - Grof offers a liberated, and liberating vision of psyche unbound. Grof is the author and editor of many books, including *Psychology of the Future: Lessons from Modern Consciousness Research*; *The Cosmic Game: Explorations of the Frontiers of Human Consciousness*; *Human Survival and Consciousness Evolution*; *The Adventure of Self-Discovery: Dimensions of Consciousness and New Perspectives in Psychotherapy and Inner Exploration*; *Beyond the Brain: Birth, Death, and Transcendence in Psychotherapy*; and *Ancient Wisdom and Modern Science*, all published by SUNY Press. As well as the following titles from MAPS: *The Way of the Psychonaut: Encyclopedia for Inner Journeys (Vol. One)* and *The Way of the Psychonaut: Encyclopedia for Inner Journeys (Vol. Two)*, *LSD Psychotherapy: The Healing Potential of Psychedelic Medicine*, *Modern Consciousness Research and the Understanding of Art, Including The Visionary World of H.R. Giger*, and *The Ultimate Journey: Consciousness and the Mystery of Death*.

God of Mercy**A Novel** *Astra Publishing House*

"Nwoka's debut feels like a dream, or a fable, or something in between . . . Recommended for fans of Nnedi Okorafor's *Remote Control* or Nghi Vo's *The Empress of Salt and Fortune*." —Ashley Rayner, Booklist "[*God of Mercy*] owes a debt to Chinua Achebe's *Things Fall Apart*, revising that novel's message for the recent past . . . A well-turned dramatization of spiritual and social culture clashes." —Kirkus Reviews *Homegoing* meets *Black Leopard, Red Wolf*, Okezie Nwoka's debut novel is a powerful reimagining of a history erased. *God of Mercy* is set in Ichulu, an Igbo village where the people's worship of their gods is absolute. Their adherence to tradition has allowed them to evade the influences of colonialism and globalization. But the village is reckoning with changes, including a war between gods signaled by Ijeoma, a girl who can fly. As tensions grow between Ichulu and its neighboring colonized villages, Ijeoma is forced into exile. Reckoning with her powers and exposed to the world beyond Ichulu, she is imprisoned by a Christian church under the accusation of being a witch. Suffering through isolation, she comes to understand the truth of merciful love. Reimagining the nature of tradition and cultural heritage and establishing a folklore of the uncolonized, *God of Mercy* is a novel about wrestling with gods, confronting demons, and understanding one's true purpose.
