Museums as media companies? It may seem like a bit of a stretch, but as museums reposition themselves for our new digital age they are becoming more than physical places to visit. Like never before, museums are throwing open their digital doors to a wider audience and giving virtual visitors a behind-the-scenes look at their work and the stories surrounding the objects in their collections.

How Museums are Embracing the Digital Age

The idea of this museum for a digital age won't appeal to everyone, and I think that highlights another exciting opportunity that technology provides. Today a museum creates one experience for all its audiences, but in our reimagined institution, every visitor could have an experience tailored for them.

Rethinking Museums for the Digital Age - MuseumNext

Museum Object Lessons for the Digital Age explores the nature of digital objects in museums, asking us to question our assumptions about the material, social and political foundations of digital practices. Through four wide-ranging chapters, each focused on a single object – a box, pen, effigy and cloak – this short, accessible book explores the legacies of earlier museum

practices of collection, older forms of media (from dioramas to photography), and theories of how knowledge is ...
