How to Make Friends and Monsters *Zonderkidz*

Howard Boward, a 13-year-old boy-genius with a chip on his shoulder is too smart for his own good. He has troubles making friends—possibly because he complains so much. Until one day a science experiment goes haywire, and Howard creates a best friend for himself—Franklin—who also happens to be a monster. Creating Franklin was an accident, not like Howard was playing God or anything—or so Howard tells himself. Franklin and Howard are having so much fun, Howard decides to create more "friends," using DNA from kids at

school. Only, these friends aren't quite as friendly. Soon there's a major mess and Howard has to sort it all out before the monsters destroy their human counterparts. But terminating the monsters proves harder than he imagined. They didn't choose to be monsters; they can't go against their innate nature. Howard finds himself facing consequences for playing God. Getting rid of the monsters means learning to tame his own inner beast, and Howard begins to understand the meaning of free will and true friendship

How to Make Friends with the Sea *Farrar, Straus and Giroux (BYR)*

Tanya Guerrero's *How to Make Friends with the Sea* is a middle grade debut novel set in the Philippines about a young boy's challenges with anxiety while his mother fosters an orphaned child with a facial anomaly. Pablo is homesick. He's only twelve years old, but he's lived in more countries than he can count. After his parents divorced, he and his mother have moved from place to place for years, never settling anywhere long enough to call it home. And along the way, Pablo has collected more and more fears: of dirt, of germs, and most of all, of the ocean. Now they're living in the Philippines, and his mother, a zoologist who works at a local wildlife refuge, is too busy saving animals to notice that Pablo might need saving, too. Then his mother takes in Chiqui, an orphaned girl with a cleft lip—and Pablo finds that through being strong for Chiqui, his own fears don't seem so scary. He might even find the courage to face his biggest fear of all...and learn how to make friends with the sea.

Cues

Master the Secret Language of Charismatic Communication *Penguin*

Wall Street Journal bestseller! For anyone who wants to be heard at work, earn that overdue promotion, or win more clients, deals, and projects, the bestselling author of *Captivate*, Vanessa Van Edwards, shares her advanced guide to improving professional relationships through the power of cues. What makes someone charismatic? Why do some captivate a room, while others have trouble managing a small meeting? What makes some ideas spread, while other good ones fall by the wayside? If you have ever been interrupted in meetings, overlooked for career opportunities or had your ideas ignored, your cues may be the problem – and the solution. Cues – the tiny signals we send to others 24/7 through our body language, facial expressions, word choice, and vocal inflection – have a massive impact on how we, and our ideas, come across. Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likeability, and charisma in every interaction. You'll learn: • Which body language cues assert, “I'm a leader, and here's why you should join me.” • Which vocal cues make you sound more confident • Which verbal cues to use in your résumé, branding, and emails to increase trust (and generate excitement about interacting

with you.) • Which visual cues you are sending in your profile pictures, clothing, and professional brand. Whether you're pitching an investment, negotiating a job offer, or having a tough conversation with a colleague, cues can help you improve your relationships, express empathy, and create meaningful connections with lasting impact. This is an indispensable guide for entrepreneurs, team leaders, young professionals, and anyone who wants to be more influential.

Subjective Well-Being and Life Satisfaction *Routledge*

The quality of people's relationships with and interactions with other people are major influences on their feelings of well-being and their evaluations of life satisfaction. The goal of this volume is to offer scholarly summaries of theory and research on topics at the frontier of the study of these social psychological influences—both interpersonal and intrapersonal—on subjective well-being and life satisfaction. Making Friends with Death

A Field Guide for Your Impending Last Breath (to be read, ideally, before it's imminent!) *Simon and Schuster*

Death is a great and grand mystery, and the actual act of dying is the last physical act of our lives. We can do it well, like a graceful well-rehearsed piano solo—or we can do it like that first awkward dance with a middle-school crush. But if anything deserves our full attention, some preparation, or some renewed clarity, death might be it. In this light-hearted, irreverent exploration of the one thing that is certain in all lives, *Making Friends with Death* offers a look at all the uncertainty that precedes this final act. A compelling mix of practical how-to advice and personal

narrative, this book encapsulates our greatest quest—to make peace with death. Pritchett offers up wisdom she has gleaned from all sorts of places, including a decade of traditional research and a lifetime of other related, but less formal, pursuits (digging up a dead body, watching her dog be necropsied on the lawn, hosting Death Cafés, and confronting the grim reaper himself). *Making Friends with Death* broaches the sacred and the scary with warmth, research, and humor. Interspersed with a variety of workbook-like exercises, this book will prove to be the go-to companion for anyone who would rather be able to greet death as an old friend, rather than a spooky stranger.

Making Friends Is an Art! *Boys Town Press*

Making Friends with Death

A Buddhist Guide to Encountering Mortality *Shambhala Publications*

In *Making Friends with Death*, Buddhist teacher Judith Lief, who's drawn her inspiration from the Tibetan Book of the Dead, shows us that through the powerful combination of contemplation of death and mindfulness practice, we can change how we relate to death, enhance our appreciation of everyday life, and use our developing acceptance of our own vulnerability as a basis for opening to others. She also offers a series of guidelines to help us reconnect with dying persons, whether they are friends or family, clients or patients. Lief highlights the value of relating to the immediacy of death as an ongoing aspect of everyday life by offering readers a variety of practical methods that they can apply to their lives and work. These methods include: Simple mindfulness exercises for deepening awareness of moment-by-moment change Practices for cultivating loving-kindness Helpful slogans and guidelines for caregivers to use *Making Friends with Death* will enlighten anyone interested in coming to terms with their own mortality. More specifically, the contemplative approach presented here offers health professionals, students of death and dying, and people who are helping a dying friend or relative useful guidance and inspiration. It will show them how to ground their actions in awareness and compassion, so that the steps they take in dealing with pain and suffering will be more effective.

How to Make Friends with Demons *Night Shade*

William Heaney is a man well acquainted with demons. Not his broken family — his wife has left him for a celebrity chef, his snobbish teenaged son despises him, and his daughter's new boyfriend resembles Nosferatu — nor his drinking problem, nor his unfulfilling government job, but real demons. For demons are real, and William has identified one thousand five hundred and sixty-seven smoky figures, dwelling on the shadowy fringes of human life, influencing our decisions with their sweet and poisoned voices. After a series of seemingly unconnected personal encounters — with a beautiful and captivating woman met in the company of an infuriating poet, a troubled and damaged veteran of Desert Storm with demons of his own, and an old school acquaintance with whom he shared a mystical occult ritual — William Heaney's life is thrown into a direction he does not fully comprehend. Past and present collide. Long-dormant choices and forgotten deceptions surface. Secrets threaten to become exposed. To weather the changes, William Heaney must learn one thing: how to make friends with demons. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for

readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

Adult Friendship *SAGE Publications*

A topic relevant to everyone - friendship - is explored in this volume, the first in the SAGE Series on Close Relationships. It presents a thoughtful statement about what we know, and have yet to learn, concerning adults' friendships. The authors discuss state-of-the-art research on the interplay between social structure, individual disposition and dynamic processes of friendship, and findings on both similarities and differences across adult lifecourse stages. They provide a theoretical framework, incorporating both sociological and psychological perspectives. Using this framework, they offer a new and integrative model of friendship to synthesize research, identify gaps in the literature, scrutinize methods used and

Friendship

The Evolution, Biology and Extraordinary Power of Life's Fundamental Bond *Bloomsbury Publishing*

The phenomenon of friendship is universal. Friends, after all, are the family we choose. But what makes these bonds not just pleasant but essential, and how do they affect our bodies and our minds? In *Friendship*, science journalist Lydia Denworth takes us in search of the biological, psychological, and evolutionary foundations of this important bond. She finds that the human capacity for friendship is as old as humanity itself, when tribes of people on the African savanna grew large enough for individuals to seek

meaningful connection with those outside their immediate families. Lydia meets scientists at the frontiers of brain and genetics research, and discovers that friendship is reflected in our brain waves, our genomes, and our cardiovascular and immune systems; its opposite, loneliness, can kill. With insight and warmth, Lydia weaves past and present, biology and neuroscience, to show how our bodies and minds are designed for friendship, and how this is changing in the age of social media. Blending compelling science, storytelling, and a grand evolutionary perspective, she delineates the essential role that cooperation and companionship play in creating human (and non-human) societies. Friendship illuminates the vital aspects of friendship, both visible and invisible, and offers a refreshingly optimistic vision of human nature. It is a clarion call for putting positive relationships at the centre of our lives.

Social Isolation and Loneliness in Older Adults

Opportunities for the Health Care System *National Academies Press*

Social isolation and loneliness are serious yet underappreciated public health risks that affect a significant portion of the older adult population. Approximately one-quarter of community-dwelling Americans aged 65 and older are considered to be socially isolated, and a significant proportion of adults in the United States report feeling lonely. People who are 50 years of age or older are more likely to experience many of the risk factors that can cause

or exacerbate social isolation or loneliness, such as living alone, the loss of family or friends, chronic illness, and sensory impairments. Over a life course, social isolation and loneliness may be episodic or chronic, depending upon an individual's circumstances and perceptions. A substantial body of evidence demonstrates that social isolation presents a major risk for premature mortality, comparable to other risk factors such as high blood pressure, smoking, or obesity. As older adults are particularly high-volume and high-frequency users of the health care system, there is an opportunity for health care professionals to identify, prevent, and mitigate the adverse health impacts of social isolation and loneliness in older adults. *Social Isolation and Loneliness in Older Adults* summarizes the evidence base and explores how social isolation and loneliness affect health and quality of life in adults aged 50 and older, particularly among low income, underserved, and vulnerable populations. This report makes recommendations specifically for clinical settings of health care to identify those who suffer the resultant negative health impacts of social isolation and loneliness and target interventions to improve their social conditions. *Social Isolation and Loneliness in Older Adults* considers clinical tools and methodologies, better education and training for the health care workforce, and dissemination and implementation that will be important for translating research into practice, especially as the evidence base for effective interventions continues to flourish.
