Inequality and Democratization by Ben W. Ansell

Ansell and Samuels offer an illuminating new approach - the elite-competition approach - and rigorously argue that rising income inequality, in fact, fosters democratization as emerging economic groups demand political influence to

insure against the old autocratic elite's power to expropriate their income and assets.

Inequality and Democratization: An Elite-Competition ...

The more equal the society, the less likely are the masses to demand democratization. Democratization requires that society be sufficiently unequal so that the threat of revolution is credible. Therefore, an elite may be willing to begin a transition by extending the right of franchise because it is in its interests to do so.
