Insurance Underwriting Risk Checklist and Manual “Insurance underwriting risk” is the risk that an insurance company will suffer losses because the economic situations or the occurring rate of incidents have changed contrary to the forecast made at the time when a premium rate was set.

Insurance Underwriting Risk Checklist and Manual

Before getting this book I knew absolutely nothing about life or health insurance. After studying for 1 WEEK, I took the test and passed it. Of course I studied on average for about 7-8 hours a day and took over 100 pages of notes during that week but I was told that it would be impossible to learn all that material and pass the test in that amount of time.
