International Secondary Science has been developed in accordance with the guidelines of Cambridge Secondary 1 Science curriculum framework. The textbooks are subdivided into the areas of physics, biology, and chemistry. The course has been designed to challenge students, and contains expanded material along with a multitude of practice questions in order to enhance

understanding.

International Secondary Science
Teacher Pack 3

Currently there are texts available for grades 1-6. Singapore follows a pretty hardline science-only approach with little reference to origins or any specific ideology. The program is fast-paced and filled with information, and students used to the more casual pace of American science textbooks will likely find it difficult to keep up.
