The Future Was Here: The Commodore Amiga

The future is here, and it's a choice of every catastrophe that humanity has ever faced, only at a larger scale than we have ever had to contend with, or even imagine. And all those catastrophes are happening faster and harder than the average Joe or Jane imagined. Hence, a feeling of shock, ruin, and despair.

The Future Starts Here: Adventures in the Twenty-First ...

The future is the time after the present. Its arrival is considered inevitable due to the existence of time and the laws of physics. Due to the apparent nature of reality and the unavailability of the future, everything that currently exists and will exist can be categorized as either permanent, meaning that it will exist forever, or temporary, meaning that it will end.
