TAG Heuer's approach to movements has also changed significantly in the last 10 years, so lets look at how this approach has evolved over the last 40 years- and where it is heading tomorrow. 1970s-1990s. One of the most common myths in watchmaking today is the idea that a real, traditional watch company should design and manufacture its own movements. This has never been the case, and in ...

Tag Heuer Microtimer, 18435S, CS111C | Watches.co.uk

TAG Heuer is a company with its roots firmly planted in motorsport. The brand originally started off as just Heuer, under the leadership of Edouard Heuer; a watchmaker with a passion for innovation, he started making watches at the tender age of 20. Such was his enthusiasm for his work, that with just nine years under his belt making watches, he had already patented one of the first crown ...
