College Essay Essentials

Sourcebooks, Inc.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And

all you have to do to figure out which type is best for you is answer two simple questions:

1. Have you experienced significant challenges in your life?
2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only

college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

Crafting The Personal Essay
Penguin

Award winning essayist Scott Russell Sanders once compared the art of essay writing to "the pursuit of mental rabbits"—a rambling through thickets of thought in search of some brief glimmer of fuzzy truth. While some people persist in the belief that essays are stuffy and antiquated, the truth is that the personal essay is an ever-changing creative medium that provides an ideal vehicle for satisfying the human urge to document truths as we experience them and share them with others—to capture a bit of life on paper. *Crafting the Personal Essay* is designed to help you explore the flexibility and power of the personal essay in your own writing. This hands-on, creativity-

expanding guide will help you infuse your nonfiction with honesty, personality, and energy. You'll discover:

- An exploration of the basics of essay writing
- Ways to step back and scrutinize your experiences in order to separate out what may be fresh, powerful, surprising or fascinating to a reader
- How to move past private "journaling" and write for an audience
- How to write eight different types of essays including memoir, travel, humor, and nature essays among others
- Instruction for revision and strategies for getting published

Brimming with helpful examples, exercises, and sample essays, this indispensable guide will help your

personal essays transcend the merely private to become powerfully universal.

Why I Write *Renard Press Ltd*

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new

readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered

with every age.' — Irish Times

Crystal Clear Quirk Books

From amethyst to obsidian, Basic Witches author Jaya Saxena explores the multi-faceted meanings and history behind eleven popular crystals in this relatable personal essay collection. Highly prized for their beauty, crystals can take the shape of jewelry, household objects, and an array of self-care products. But it's the ideas they stand for that draw people to their raw forms. Like astrology, tarot, and modern witchcraft, crystals help practitioners understand themselves and the wider world around them. In this collection of sharply observed essays, Jaya

Saxena reflects on—and challenges—the ideas associated with eleven popular stones, including unconditional love (rose quartz), happiness and success (citrine), balance (amethyst), self-care (black tourmaline), purity (pearl), imposter syndrome (pyrite), toxic positivity (carnelian), change (opals), traditional concepts of marriage (diamonds), presentation versus identity (obsidian), and death (amber). The result is a deeply personal book with universal appeal, exploring how we assign meaning and power to crystals in order to give meaning and power to our lives.

Essay Writing: A Student'S Guide

Essay Writing is a student guide with a mission: to enable students to write better essays and get the grades they deserve by demystifying the essay-writing process. MunLing Shields places essay writing within the larger university experience for students. In a clear and easy to understand way the author guides the reader through the process of writing successful university essays by looking at essay writing in the context of academic communication, academic culture and different learning styles and approaches. Essay Writing also offers invaluable insights into the way tutors see essays, explaining why essays are set, how to understand the

rationale behind them, and demonstrating how best to approach answering the question. This highly accessible book offers practical, in-depth guidance on each of the stages of the essay writing process – “planning, drafting and editing” and relates them to the important sub-skills of information-gathering, reading academic texts, how to get the most out of lectures, referencing and citations, and fluency and appropriateness of style and language.
