A Practical Introduction to Day Trading *Cambridge Scholars Publishing*

Many individuals enter financial markets with the objective of earning a profit from capitalizing on price fluctuations. However, many of these new traders lose their money in attempting to do so. The reason for this is often because these new traders lack any fundamental understanding of financial markets, they cannot interpret any data, and they have no strategy for trading. Trading in markets is really about deploying strategies and managing risks. Indeed, successful traders are those who have strategies which they have proved to be consistent in granting them more financial gains than financial losses. The purpose of this book is to help a potentially uninformed retail trader or inquisitive reader understand more about financial markets, and assist them in gaining the technical skills required to profit from trading. It represents a beginner's guide to trading, with a core focus on stocks and currencies.

Stocks And Forex Trading: How To Win *World Scientific*

Dreaming of becoming a successful trader? Daryl Guppy and Karen Wong show you the steps that will allow you to turn part-time trading into a successful income stream. Wong's unique approach uses a stock exchange-based Trading Game simulation as an arena for stress testing trading ideas before risking real cash. This is a serious training method. Wong reveals the essential lessons underpinning survival and success in modern trading markets. She shows how sensible use of derivatives like contract for differences (CFD) enhance returns from trading ideas. Wong takes you through the steps she followed to turn an ambition into a reality. Based on her experience, using Guppy trading methods and her own trading methods, she shows mistakes to avoid and some shortcuts to success. Guppy shows how to adapt your stock trading skills to trading the foreign exchange (Forex) market using methods suitable for a part-time trader. This includes a full explanation of a trading approach for Forex, commodities, and indices. This new trading method identifies high probability trades with well-defined exit targets. This method is designed for time-poor traders who want to limit time risk in the market. Guppy and Wong explain how charting and technical analysis methods are easily applied to improve trade identification, trade management, and profit taking. The discussion is illuminated with real trades so you can identify the features of success, and also the warning signs of failure. Modern markets call for a new mixture of trade methods to make the best use of new trading instruments like CFDs and the increasingly accessible Forex market. You can trade part-time and make a decent second income. Guppy and Wong give you the benefit of their experience and the tools to make this dream a reality.

Forex Range Trading with Price Action *Createspace Independent Publishing Platform*

Note: This material includes the "50 pips a day forex trading strategy" Forex Range Trading With Price Action Lucrative price action range trading system with 95% rate of success Timeframes - 1 hours and 4 hours If you trade with the trend like the majority of traders out there, then you probably know by now that following the trend and jumping in the market when a good opportunity shows itself represents the safest and most lucrative approach a trader can have if he wants to be successful. However, most of the times, a problem appears when the trend pauses and the market starts to move sideways, causing so many trend following traders to lose most or all of their previous hard earned profits. This book presents a complete forex trading system for trading a range bound market. It goes from explaining how to spot in time that price is about to develop a trading range, to managing your stop loss levels and exiting the trade. This is all done just by reading the price action, this system does not include any technical indicators. You will learn how to recognize early the shift from trending to sideways movement that will keep you away from losing trades. You will learn how to identify a range early and trade it successfully, with clear entry, stop loss, exit

levels and with very good risk reward ratio.

The Simple Strategy

Learn A Powerful Day Trading Strategy In Less Than 60 Minutes A profitable trading strategy is the most important tool for a trader. This book explains a powerful trend-following day trading strategy for trading futures, stocks, ETFs and Forex. "The Simple Strategy" Is Easy To Understand And To Trade The Simple Strategy is very popular amongst traders for the following reasons: Clear Entry Rules When trading "The Simple Strategy," there's no second-guessing. As you will see, the entry rules are based on indicators - and these rules are black and white. Either the MACD is above the zero line or it isn't. And either the RSI is above 70 or it isn't. The entries are easy to identify and execute. That's why this strategy is called "The Simple Strategy" Clear Exit Rules When trading "The Simple Strategy" you'll know when to exit even before you enter the trade. So, you know exactly how much to risk on any given trade which is essential for precise position sizing and money management. Plus, you can put the trade on auto-pilot once your entry order is filled. This keeps trade management to a minimum. It's easy and simple. Taking advantage of small intraday trends These days trends are short-lived. The times when you could enter the market in the morning and exit the market in the afternoon are over. These days the markets can turn on a dime. Low trading commissions and computerized trading have destroyed the nice and long intraday trends. However, with "The Simple Strategy" you can take advantage of the small intraday trends that we are seeing in today's markets. You don't need a sophisticated trading software If you want to trade "The Simple Strategy," you only need a charting software with "basic" charting capabilities: Your charting software needs to be able to plot RANGE BARS, BOLLINGER BANDS, MACD and RSI. More than 90% of the charting software packages that are available today have these capabilities. There's no need to buy any proprietary indicators or expensive charting software! In short: "The Simple Strategy" can greatly simplify your trading. *** WARNING: This Book Is NOT For Everybody! *** Do NOT buy this book if... ... You Are Looking For The "Holy Grail" Because it doesn't exist! When trading "The Simple Strategy," there will be losses! Losses are part of our business as traders. The good news: If you follow the rules of "The Simple Strategy," then you will make more money on your profitable trades than you lose on your losing trades. In fact, the risk/reward ratio of this strategy is 1: 1.5, so you can expect to make \$150 for every \$100 you risk. ... You Want To Automate Your Trading Strategies "The Simple Strategy" will give you clear entry signals, but it's up to YOU to decide if you want to take the signal. As an example, I personally do NOT trade right into a major report. And I only trade

the first two hours after the markets open, since most trends occur during this time. Makes sense?

Trading The Forex Market - Repeating Setups That Beat Your Broker *Trading The Forex Market*

Are you tired of forex trading courses, forex strategies, forex trading systems and books that don't

really teach you how to trade and make money? This book does not waste your time with boring stories and basic, general information just to fill up pages! "Trading The Forex Market - Repeating Setups That Beat Your Broker", is a complete comprehensive forex trading guide that's suited for all experience levels & covers all of the important aspects you need to succeed. Whether you trade short term or longer term, these forex trading strategies will turn your trading around to profitability very quickly. The forex market has repeatable setups that happen over & over, that is the foundation of the strategies. These favorable price action setups are also combined with specific indicators & candle patterns that all work very well at confirming each other. There is absolutely no silly stuff in the course such as "magical theories" and page after page of useless information. These techniques and this forex trading education will have you trading like a true professional and develop your trading mind around the WHOLE trade, so you will become a trader, not just a strategy user! Many forex traders use too many indicators and rely solely on them, this is a big mistake and contributes to most of your losses. The reason is that the indicators were not created for 24 hour trading like the forex market, and because they need to be combined with other techniques such as price action because they lag behind price. This forex trading course will show you how to use only a handful of indicators & put your efforts into spotting the repeatable setups that are right in front of you all the time. That's where the big money is. From scalping the forex market to trading medium & longer term, you're covered. The EUR/USD trade using the United States Dollar Index as the entry and the Ultimate Moving Average Play are two of the forex strategy highlights in the course. They allow you to profit thousands of pips a year! Good forex strategies are only a small part of the forex trading game and this course. Without proper forex trading education, money management & overall trade management, the best forex strategies will do you absolutely no good at all! Sections on management of your money & trades are included & will teach you how to keep losses to a minimum of 1%-3% no matter the size of your account. You will also learn techniques on how to form timely exit opinions for any forex strategy which is very important & has the biggest impact on your trading success along with proper trade management. Exits are not talked about a lot in the forex market for some reason, everyone is only interested in strategies. This is another big mistake traders make, but this forex trading guide covers that & a whole lot more making it possible for you to become an all around excellent trader. The author Larry Palmer, is an experienced trader who started his career in the stock market and has taught his forex trading techniques and money/trade management guidelines to traders from all around the world. Forex Scalping Trading Strategies *CreateSpace*

Are you dissatisfied with amount of money you earn while dealing in forex? Forex traders looking to

make quick bucks employ a method called forex scalping. They buy a certain currency and allow that position to stay only for a few seconds. In other words, they sell it almost immediately when the price goes up marginally. This is why forex scalping is also called quick trading. A forex trader is able to make small profits with each scalping trade, which can add up to a considerable amount. Learning how to trade profitably requires you to learn and master a few forex trading systems. The key to trading is becoming a master of a few trading strategies. Forex trading systems are important as they will provide you with structure, a set of rules and a plan to follow. This book will teach you some of the different types of forex scalping trading strategies and help you how to identify what makes the best forex trading system.
