Pediatric Surgery & Trauma | Primary Children's Hospital

Module 1 – Introduction to Paediatric Surgery. Module 1 covers acute and non-urgent surgical conditions commonly seen in children and is designed towards the primary care clinician or practice nurse. Module 2 – General Surgery of Childhood. Module 2 is aimed at surgeons and nursing professionals involved in the general surgery of childhood.

Paediatric Surgery - e-Learning for Healthcare

Paediatric surgery is often thought of as the cross over between Paediatrics and General Surgery. In truth it is very different from both in breadth of practice, philosophy and personalities involved. Paediatric surgery has been described as the “last true bastion of general surgery”.
