Our watches require minimal maintenance, but regular care will help extend the life of your Bulova timepiece. We recommend wiping your watch with a clean soft cloth regularly. Stains, water spots on straps, and accumulated dirt on the case, crystal, and band that are not removed may cause premature wear. If you wear your watch in the shower or in chlorinated or salt water (note that water ...

The Accutron was the most accurate watch in the world and a true wonder of engineering. Unfortunately, within just a few years of it’s release, it was superseded in accuracy by Seiko’s quartz movement. With Quartz watches trumping mechanical watches (including the Accutron) in price and accuracy, mechanical watches soon went out of vogue. Bulova ceased production of the Accutron movement ...
