Redskins

Insult and Brand *U of
Nebraska Press*

The Washington
Redskins franchise
remains one of the
most valuable in
professional sports, in
part because of its
easily recognizable,
popular, and profitable
brand. And yet
"redskins" is a
derogatory name for

American Indians. The number of grassroots campaigns to change the name has risen in recent years despite the current team owner's assertion that the team will never do so. Franchise owners counter criticism by arguing that the team name is positive and a term of respect and honor that many American Indians embrace. The NFL, for its part, actively defends the name and supports it in court. Prominent journalists, politicians, and former players have publicly spoken out against the use of "Redskins" as the name of the team. Sportscaster Bob Costas denounced the name as a racial slur during a halftime show in 2013. U.S. Representative Betty McCollum marched outside the stadium with other protesters--among them former Minnesota Vikings player Joey Browner--urging that the name be changed.

Redskins: Insult and Brand examines how the ongoing struggle over the team name raises important questions about how white Americans perceive American Indians, about the cultural power of consumer brands, and about continuing obstacles to inclusion and equality. C. Richard King examines the history of the team's name, the evolution of the term "redskin," and the various ways in which people both support and oppose its use today. King's hard-hitting approach to the team's logo and

mascot exposes the disturbing history of a moniker's association with the NFL—a multibillion-dollar entity that accepts public funds—as well as popular attitudes toward Native Americans today.

**What We Talk About
When We Talk About
Love** *Vintage*

In his second collection, including the iconic and much-referenced title story featured in the Academy Award-winning film *Birdman*, Carver establishes his reputation as one of the most celebrated short-story writers in American literature—a haunting meditation on love, loss, and companionship, and finding one's way through the dark.

**The Dawn of
Everything**

**A New History of
Humanity** *Farrar,
Straus and Giroux*

A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of

agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting

this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and

economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. The Dawn of Everything fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

The Everyday Writer with 2020 APA and

Safe Spaces, Brave Spaces

Diversity and Free Expression in Education *MIT Press*

How the essential democratic values of diversity and free expression can coexist on campus. Safe spaces, trigger warnings, microaggressions, the disinvitation of speakers, demands to rename campus landmarks—debate

over these issues began in lecture halls and on college quads but ended up on op-ed pages in the New York Times and the Wall Street Journal, on cable news, and on social media. Some of these critiques had merit, but others took a series of cheap shots at “crybullies” who needed to be coddled and protected from the real world. Few questioned the assumption that colleges must choose between free expression and diversity. In *Safe Spaces, Brave Spaces*, John Palfrey argues that the essential democratic values of diversity and free expression can, and should, coexist on campus. Palfrey, currently Head of School at Phillips Academy, Andover, and formerly Professor and Vice Dean at Harvard Law School, writes that free expression and diversity are more compatible than opposed. Free expression can serve everyone—even if it has at times been dominated by white, male, Christian, heterosexual, able-bodied citizens. Diversity is about self-expression, learning from one another, and working together across differences; it can encompass academic freedom without condoning hate speech. Palfrey proposes an innovative way to support both diversity and free expression on campus: creating safe spaces and brave spaces. In safe spaces, students

can explore ideas and express themselves with without feeling marginalized. In brave spaces—classrooms, lecture halls, public forums—the search for knowledge is paramount, even if some discussions may make certain students uncomfortable. The strength of our democracy, says Palfrey, depends on a commitment to upholding both diversity and free expression, especially when it is hardest to do so.

Let's Talk

A Pocket Rhetoric

"Let's Talk is a small rhetoric that covers genres of writing students are most often assigned to do. It also provides everything they need

for doing research, including explicit guidelines to help them decide which sources to trust - and how to fact-check any that they question. And it includes assignable chapters on listening with an open mind and engaging respectfully with others. Students are encouraged to seek out, engage, and listen to people with viewpoints that differ from their own"--

Writing Spaces 1

Readings on Writing

Parlor Press LLC

Volumes in Writing Spaces: Readings on Writing offer multiple perspectives on a wide-range of topics about writing, much like the model made famous by Wendy Bishop's "The Subject Is . . ." series. In each

chapter, authors present their unique views, insights, and strategies for writing by addressing the undergraduate reader directly. Drawing on their own experiences, these teachers-as-writers invite students to join in the larger conversation about developing nearly every aspect of craft of writing. Consequently, each essay functions as a standalone text that can easily complement other selected readings in writing or writing-intensive courses across the disciplines at any level. Topics in Volume 1 of the series include academic writing, how to interpret writing assignments, motives for writing, rhetorical analysis, revision, invention, writing

centers, argumentation, narrative, reflective writing, Wikipedia, patchwriting, collaboration, and genres.

Everything's an Argument

Thank You for Arguing

What Aristotle, Lincoln, and Homer Simpson Can Teach Us about the Art of Persuasion *Three Rivers Press (CA)*

An introduction to the art of rhetoric explains how persuasion can profoundly influence personal and professional successes and reveals an array of techniques employed by such personalities as Aristotle and Winston Churchill.

Acting Out Culture

Readings for Critical Inquiry *Macmillan Higher Education*

Cultural messages bombard students daily, laden with unstated rules about what makes our work valuable, our bodies ideal, our connections meaningful. *Acting Out Culture* empowers students to critically read those messages and use writing to speak back to their culture and question its rules. This book appeals especially to those students who are not full participants in the dominant culture, as well as to their instructors, who want to help students see how subtle (and not so subtle) cultural forces can shape their lives—and how they can challenge and

resist those forces. The new edition of *Acting Out Culture* builds on that success, with provocative readings (more than 50 percent of them new) that challenge the rules we live by; pedagogical tools to encourage students to read, think, and write critically about their culture; and instructional support featuring sample syllabi, additional discussion topics, and ideas for teaching with visuals and online content.

Every Arg Rdg 4e&easy Writ 3e *Bedford/st Martins*

The Little Seagull Handbook

"Easy to use and easy to afford, *The Little Seagull Handbook* is the #1 brief handbook because students say it

has a positive impact on their writing. Intuitive organization, color-coding, and jargon-free instruction for common kinds of writing make it a reference tool that student writers truly use. This edition includes new advice for conducting research as it's done online today, new student model essays, and a new chapter on writing summary/response essays"--

Now in its seventh edition, UNDERSTANDING ARGUMENTS has proven itself as an exceptional guide to understanding and constructing arguments in the context of a student's academic success and subsequent professional career. Its tried and true strengths include multiple approaches to the analysis of

arguments, providing a variety of important tools; a thorough grounding on the uses of language in everyday discourse; and chapters in the latter half of the book that apply abstract concepts to concrete legal, moral, and scientific issues.

Risk everything . . . for love with this #1 New York Times bestseller.

What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In *Everything, Everything*, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken. My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly. Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster. *Everything, Everything* will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don't miss Nicola Yoon's *The Sun Is Also A Star*, the #1 New York Times bestseller in which two teens are brought

together just when it seems like the universe is sending them in opposite directions.
