Introduction. Private International Law is the legal framework composed of conventions, protocols, model laws, legal guides, uniform documents, case law, practice and custom, as well as other documents and instruments, which regulate relationships between individuals in an international context. The OAS through the Secretariat for Legal Affairs (SLA), plays a central role in the harmonization, codification and development of Private International Law in the Western Hemisphere.

On this view, "public" international law is said to cover relations between nation-states and includes fields such as treaty law, law of sea, international criminal law, the laws of war or international humanitarian law, international human rights law, and refugee law. By contrast "private" international law, which is more commonly termed "conflict of laws", concerns whether courts within countries claim jurisdiction over cases with a foreign element, and which country's law applies.
