Private Label Amazon FBA Guide requirements and strategy 2020

Let's talk about product sourcing. As many of you know, I have always advocated importing from China when sourcing products for your private-label Amazon UK FBA business. The reason for that is obvious: 90%+ of consumer goods are currently manufactured in China, so to get the lowest price possible, you've got to go directly to the source.

SOURCING products in the UK/EU for your Amazon FBA business!

Customisable: a lot of factories offer the option to customise private label products. This means that you have the ability to differentiate your version from another FBA sellers. Certified: many private label products are already certified to meet the required regulations. This means that you'll leverage an already completed certification process, which can be very expensive (think electronics safety).

Private Label Vs Custom Made Products — Amazon FBA ...

Private labeling refers to a brand owned by a retailer or supplier who gets its goods made by a contract manufacturer under its own label. Companies who use private labeling pay less for their products. Naturally, lower prices equate to higher profit margins. On average, a private label retailer experiences 10% higher profit margins than traditional

companies. Other benefits of private labeling include: Direct dealing with your suppliers and sources. Ability to create your own unique image ...
