The Pursuit (album) - Wikipedia

Like the exploding piano on its cover, Jamie Cullum's long-awaited new Verve album The Pursuit blows away audience and artist preconceptions leaving

14 smoldering tracks that seamlessly run the gamut from swinging standards and yearning singer-songwriter confessionals to 125 BPM house dance tracks and resurrected Broadway ballads.

Jamie Cullum is a young top caliber crossover artist who excels at almost everything -- jazz-piano, singing, arrangements, creativity, melodies, bass lines, so that he's been aptly dubbed "Sinatra in Sneakers" by the press. His singing is exciting, hungry, desperate with a fetching longing and bravado.

Despite a brassy opening cover of Cole Porter's "Just One of Those Things," The Pursuit is hardly a retreat to Harry Connick, Jr. territory. Cullum anchors himself within melodic soft

rock, providing a base for incorporating both his jazz and persistent electronica infatuations. Since *The Pursuit* is produced as a pop album, those electronica flourishes wind up seeming seamless, whereas the jazz runs feel something like affectations no matter how crisply they're delivered.

Now officially anointed as the new Dudley Moore, being a talented British pianist about to wed a much taller blonde, Jamie Cullum returns after a four year break with *The Pursuit*, his fifth and best album yet.
