Vikings Come And Discover My World - modapktown.com The Vikings' forays to the North American continent were relatively brief and had no lasting impact. The main evidence that they were even here is fairly limited: two long sagas written in the Middle Ages and the scattered ruins of three housing clusters and a forge at a place called L'Anse aux

The Vikings' next step out into the Atlantic – the discovery and settlement of Iceland – is one of the best documented events of the Viking Age. Medieval Icelanders were fascinated by genealogy, not only because, as emigrants, they wanted to know where their families came from, but because such knowledge was essential when it came to establishing property rights.

New evidence of Viking life in America? - BBC News

Norwegian Vikings first discovered Iceland. The first was Naddod, who was blown off course sailing from Norway to the Faroe Islands in 861. He called the new island Snowland. Naddod returned to Norway and told people of his discovery. Six years later, Floki Vilgerdason was the first Viking to set out for Iceland and find it.

Viking Explorations and Settlements: Iceland, Greenland ...

The recorded history of Iceland began with the settlement by Viking explorers and their slaves from the east, particularly Norway and the British Isles, in the late ninth century. Iceland was still uninhabited long after the rest of Western Europe had been settled. Recorded settlement has conventionally been dated back to 874, although archaeological evidence indicates Gaelic monks from ...
