While Botsford's first full-length Stargate story, FOUR DRAGONS, works very well as a stand-alone story, most people would probably prefer to read that one before THE DRIFT. Stargate SG-1: The Drift Prelude - Diana Dru Botsford

In The Drift (and its precursor, Four Dragons) Diana Dru Botsford shows affection and understanding for the characters of SG-1, as well as both structure and details of Stargate's alternate reality. The Drift somewhat audaciously fills in gaps of the Stargate

mythology, but with integrity to the TV series such that I could easily see it as canon for others to follow suite.
