Literature Modernism And Myth Belief

Modernist literature discovered through myth an underlying metaphysic to an increasingly fragmented world. Michael Bell's study shows how modernists also used myth to emphasize the contingency of all values. This anti-foundational element, Bell claims, enables myth to act as a corrective to the political claims of ideological critique.

Literary modernism, or modernist literature, has its origins in the late 19th and early 20th centuries, mainly in Europe and North America, and is characterized by a self-conscious break with traditional ways of writing, in both poetry and prose fiction. Modernists experimented with literary form and expression, as exemplified by Ezra Pound's maxim to "Make it new." This literary movement was driven by a conscious desire to overturn traditional modes of representation and express the new sensibi

Literature Modernism and Myth Belief and Responsibility in the Twentieth Century

Modern scholars are inclined to turn away from the question of temporal priority and to concentrate instead on the diversity of the relationship between myth and ritual. While it is clear that some myths are linked to rituals, so that it makes sense to say that the myth is expressing in the language of narrative that which the ritual expresses through the symbolism of action, in the case of other myths no such ritual exists.
